**8.03.01 PURPOSE**

This directive provides a systematic, objective, and impartial method of investigating allegations of inappropriate behavior by Town of Shalimar Police Department employees. It also provides a procedure for the disposition and handling of Internal Affairs Investigations.

**8.03.02 AUTHORITY**

Section 112.533, Florida Statute

**8.03.03 POLICY**

The Town of Shalimar Police Department maintains a commitment to the principles outlined in the Law Enforcement Officers' Bill of Rights and to equity and fairness in complaint investigation. In *Garcia vs. New Jersey* and *Gardner vs. Beardsick*, the United States Supreme Court extended to police officers the protection of the privilege against self-incrimination. Statements which they are compelled to make, by threatened loss of their employment or other disciplinary action, may not form the basis of a criminal prosecution against them, nor can they be compelled to waive this privilege. However, the court has clearly indicated that the privilege against self-incrimination is not a bar to dismissal if a police officer refuses to "answer questions specifically, directly and narrowly relating to the performance of his official duties, without being required to waive his immunity with respect to the use of his answers or the fruits thereof in a criminal prosecution of himself." In other words, refusal to answer questions intended merely to secure information concerning his official activities could justify dismissal or other disciplinary action.

Lassiter, 2023-11-07 How the drug war transformed American political culture Since the 1950s the American war on drugs has positioned white middle class youth as sympathetic victims of illegal drug markets who need rehabilitation instead of incarceration whenever they break the law The Suburban Crisis traces how politicians the media and grassroots political activists crusaded to protect white families from perceived threats while criminalizing and incarcerating urban minorities and how a troubling legacy of racial injustice continues to inform the war on drugs today In this incisive political history Matthew Lassiter shows how the category of the white middle class victim has been as central to the politics and culture of the drug war as racial stereotypes like the foreign trafficker urban pusher and predatory ghetto addict He describes how the futile mission to safeguard and control white suburban youth shaped the enactment of the nation's first mandatory minimum drug laws in the 1950s and how soaring marijuana arrests of white Americans led to demands to refocus on real criminals in inner cities The 1980s brought just say no moralizing in the white suburbs and militarized crackdowns in urban centers The Suburban Crisis reveals how the escalating drug war merged punitive law enforcement and coercive public health into a discriminatory system for the social control of teenagers and young adults and how liberal and conservative lawmakers alike pursued an agenda of racialized criminalization     **The Police Chief**, 1994     *Los Angeles Magazine*, 2003-11 Los Angeles magazine is a regional magazine of national stature Our combination of award winning feature writing investigative reporting service journalism and design covers the people lifestyle culture entertainment fashion art and architecture and news that define Southern California Started in the spring of 1961 Los Angeles magazine has been addressing the needs and interests of our region for 48 years The magazine continues to be the definitive resource for an affluent population that is intensely interested in a lifestyle that is uniquely Southern Californian
