Raimondo, Francesco Venturi, 2025-08-05 Translating Petrarch in early modern Britain gathers twelve essays by international scholars focusing on the translation of Petrarch's vernacular verse Canzoniere and Triumphs into English from the Tudor age to the mid seventeenth century and beyond Approaching translation as an interpretive process but also a mode of literary emulation and cultural engagement with Petrarch's prestigious precedent the collection explores the complex and interconnected trajectories of both poetic works in English and Scottish literary milieus While situating each translation in its distinct historical material and literary context the essays trace the reception of Petrarch's works in early modern Britain through the combined processes of linguistic and metric innovation literary imitation musical adaptation and cultural and material domestication The collection sheds light on the origins and development of early modern English Petrarchism as part of wider transnational and indeed translational European literary culture      **The Fall of Man: a Poem, in Two Parts**

Taylor, 2012-02-01 Every child growing up in India knows the story of the jackal who fell into the vat of blue dye and discovering the power of his majestic new appearance declared himself king of the forest In spite of his pretenses the jackal eventually betrayed by his own instincts was set upon by the other animals This and many similar narratives are found in the Pa catantra the collection of Sanskrit tales for children compiled by a Jaina monk named P r abhadra in 1199 CE In this book McComas Taylor looks at the discourses that give shape and structure to the fall of the indigo jackal and the other tales within the Pa catantra The work's fictional metasociety of animals kings and laundrymen are divided according to their j ti or kind This discourse of caste holds that individuals' essential natures statuses and social circles are all determined by their birth Taylor applies contemporary critical theory developed by Foucault Bourdieu Barthes and others to show how these ideas are related to other Sanskrit master texts and describes the regime of truth that provides validation for the discourse of division      *Italy: from the Fall of Napoleon I., in 1815, to the Year 1890* John Webb Probyn, 1891      *Lydgate's Fall of*
