The Long Way Round John Nesling,2006 Australia as post World War 2 English emigrants embarking under an Australian government subsidised plan to populate the country It was a time when there were jobs for anyone anywhere throughout the length and breadth of Australia thus making it possible to travel work and explore during a more innocent time in a land climatically and socially conducive to such idyllic possibilities The period covered is 16 years from 1954 to 1970 of which five years are spent in New Zealand Throughout this time children are born and a young family evolves Many emigrants simply settled around the major cities for no other apparent reason than that it was where they had disembarked For some this was traumatic and sometimes tragic The book attempts however briefly to address such themes and the themes of emigrants in general As the Vietnam War emerges an attempt is made to define Australia's political choices in relation to her geographical environment Ostensibly written for family and friends the story strives towards a wider audience but is entirely biographical and factual except where a few forgotten names very few have been substituted with others

Hidden Places James Heaton, 2016-05-18 This is a story of growing up in the sixties as much as a story of a clueless individual living a foreign experience After encountering Kennedys inauguration Jake is awakened to literature joins the first wave of Peace Corps volunteers in order to become a writer and discovers the cultures of eastern Africa through a host of teaching experiences culture shocks and a hike up the biggest mountain in Africa **Gun Dogs** James Langer, 2009-04-01 What is a Gun Dog An uncontrolled creature purportedly under our control These poems strain at the lead The torque is felt in the line the verb the wild thinking in metaphor The maturity of James Langer's vision reveals itself here in the cumulative effect of his rhetoric He won't land on his quarry Love Forgiveness Respect of Place Clarity of Memory He will however attain wisdom within these poems a measured equanimity that can be traced back to the Stoics These lines are like those of Les Murray Seamus Heaney Derek Walcott and Robin Robertson Here is a debut from a genuine fully formed talent whose poems reach the sublime **Animal Intelligence** George John Romanes, 2022-08-01 In *Animal Intelligence* George John Romanes intricately examines the cognitive attributes of non human animals threading his observations within the rich tapestry of 19th century scientific thought Romanes's work situated firmly in the Darwinian discourse of the time adopts a comparative approach to delineate the contours of mental faculties across various species His prose while empirical in nature extends into the narrative imbuing the text with a literary charm that transcends the mere recording of experiments and analyses Notably this volume as part of The International Scientific Series stands as a testament to a period when the boundary between literature and scientific exposition was fluid allowing for a style that is both instructive and pleasurable to read George John Romanes was an intellectual product of Victorian England frequently engaging with the broader scientific conversations sparked by Charles Darwin Romanes considered a protege of Darwin was driven by a profound interest in the evolution of mental processes which is the cornerstone of *Animal Intelligence* His commitment to understanding the animal mind was not merely academic but an extension of a philosophical question that preoccupied many thinkers of his era What separates humans from animals This book represents Romanes's lifelong quest to articulate a response shaped by his background in psychology biology and his philosophical inclinations For those fascinated by the intersections of cognitive science philosophy and evolutionary theory *Animal Intelligence* offers a deeply reflective exploration of animal cognition that predates modern ethology Additionally Romanes's contributions are vital for historical context capturing the zeitgeist of a time when ideas about animal psychology were burgeoning Readers with an appreciation for both scientific rigor and the evolution of scientific thought will find *Animal Intelligence* a compelling addition to their libraries providing enriching

insights into the historical underpinnings of the study of mind and behavior *For The Love Of Steven (Diaper Version)*

Colin Milton,2024-12-24 Steven s life was over or so he thought His wife had discovered that he had been seeing a Dominatrix but instead of throwing him out and divorcing him she engaged with the woman to perhaps change and even control her errant husband And what is more controlling than babying *Santayana the Philosopher* Daniel

Moreno,2015-03-06 Regarding Santayana it has been claimed that he lacks a system while contradicting himself in outrageous ways An attentive analysis of his complete uvre however reveals something else entirely It is not easy to classify a thinker as a Platonic materialist an ironic nihilist a spiritual atheist and a conservative without political commitment but if one respects his own language one discerns an astonishing little known Santayana whose philosophical leitmotif consists in 1 detecting the numerous false steps logical and moral supplied by the imagination when it confuses things with the names that designate them or the world with the feelings that it provokes in the human animal these errors assume diverse faces pantheism moralism egotism subjectivism transcendentalism Platonism Puritanism and utopianism 2 avoiding these illusions in such a way as to keep the spiritual door open as a form of life to be lived out in an honest fashion 3 recognizing the natural origin of these temptations and asking oneself what moves humans to succumb imperceptibly to these mistakes at times tragic at others comical and what precautions one can take to remain cognizant of the deceitful leaps that can hijack one s life and 4 proposing as an alternative the radical distinction between essence and existence which leads him to distinguish four realms of being the realm of essence the realm of matter the realm of truth and the realm of spirit Essence as logical identity matter as contingent existence truth as frozen history and spirit as the flames that part from contingency and approximate the eternal An attempt has been made in this book to expand on and clarify these questions **The Rural**
