volume offers case studies of what might be considered global iconoclasm Drawing upon original international case studies this monograph critically engages with and reveals the dynamics of landscape contestation From the Tsunami Museum of Banda Aceh to the echoes of Mussolini s Fascist Italy by way of the decolonization of sites in Australia New Zealand Colombia and Africa the processes of landscape contestation are innovatively teased out by established and newly emerging scholars This book should be of interest to any scholar interested in the politics of mnemonic landscapes     **Dictionary Catalog of the Research Libraries of the New York Public Library, 1911-1971** New York Public Library.
