Weapons of Mass Destruction Joseph M. Siracusa, Aiden Warren, 2017-03-29 Whether possessed by a state or non state actor the specter of Weapons of Mass Destruction WMDs and more specifically nuclear weapons and their associated material present a significant threat to global security Notwithstanding the fact that there are fewer nuclear weapons today than the massive stockpiles that existed during the height of the Cold War the complexities relating to nuclear security have in many ways intensified amid globalization and porous borders More states in volatile regions possess such weapons UN Security Council states are busily modernizing their weapons and non states actors have made it clear their intention to use such weapons should they attain them The emerging prospect of a cyber attack or a misunderstanding that could potentially evolve into a limited regional nuclear war would both have dire global ramifications and are scenarios that should not be considered farfetched Additionally concerns pertaining to chemical and biological weapons the associated ramifications relating to nuclear terrorism and broader limitations of the NPT regime all pose major challenges to global

stability In considering all of these areas this foundational primer for the Rowman and Littlefield WMD Series seeks to inform and advance policy debate in ways that support international security while also adding important connective tissue between analytical areas in the IR and historical domains that often remain separate Offering a comprehensive analysis of the evolution and current status of WMDs this volume will be of great interest to scholars analysts and students of security studies international history and international relations

Mullen, 2024-09-03 A revealing exploration of domestic fascism in the United States from the 1930s to the January 6th insurrection in Washington D C In 1951 the Civil Rights Congress presented to the United Nations We Charge Genocide a more than two hundred page petition that held the United States accountable for genocide against African Americans This landmark text represented the dawn of Black Lives Matter and is as relevant today as it was then as evidenced by the rise of white supremacist groups across the nation and the January 6th Capitol riot which disclosed the specter of a fascist revival in the U S Tracing this specter to its roots We Charge Genocide provides an original interpretation of American fascism as a permanent and longstanding current in U S politics dating to the origins of U S settler colonialism Picking up where Angela Davis s 1971 essay Political Prisoners Prisons and Black Liberation left off We Charge Genocide reveals how the United States legal system has contributed to the growth of fascist states and fascist movements domestically and internationally American Studies scholar Bill V Mullen contends that the preservation of a white supremacist world order and the prevention of revolutionary threats to that order structure the discourse and practice of U S fascism He names this fascist modality the counterrevolution of law in tribute to the radicals on the American Left such as George Jackson Angela Davis Herbert Marcuse and the Black Panther Party who perceived the American state s destruction of revolutionary groups and ideas as a distinctive form of American fascism Mullen argues that U S law particularly U S race law has been an enabling mechanism for modalities of fascist rule that have locked historic blocs of non white populations into an iron cage of legal and extralegal violence To this end We Charge Genocide offers a legal historiography of U S fascism rooted in law s capacity to legitimate and sustain racial domination By recovering the legacy of important organizations such as the Civil Rights Congress and Black Panther Party which have both theorized and resisted American legal fascism Mullen demonstrates how their work and critical theorists like Davis Marcuse Jackson Walter Benjamin and Ernst Fraenkel illuminate the threat of American legal fascism to its most vulnerable racialized victims of state violence in our time including gender and transgender violence
