Description

Welcome to Honors World History! In this class we will be covering a lot of history as we explore the advancements of civilization starting in the 1500s and going as far as the 1990s. This course is primarily focused on the rest of the world, so we will not be primarily focusing on the United States and its history. Topics we will be covering: Renaissance, Reformation, Age of Discovery, The Enlightenment, The French Revolution, The Industrial Revolution, Revolutions in Europe and Latin America, World War I, Nationalism and French Around the World, World War II, and the Cold War.

Required Materials

- Chromebook
- Notebook
- Colored Pencils
- Pen or Pencil
- Earbuds or Headphones
- Folder or Binder just for Honors World History

General Course Policies

- **Academic Integrity**
 - o I want to see your original work!! If at any point I discover that you copied your assignment from someone else, or if you are caught cheating on a test it will result in an automatic 0% for the assignment, along with an email home and a referral to the office. This will also be enforced if you are the one sharing answers for an assignment.
- **Emails**
 - o If at any point you need assistance with an assignment you are welcome to send me an email however there are a couple of things I want to go over about sending me an email. If you email me after 5pm, I will not respond till the following morning. Unless it is an emergency I will not be responding to emails over the weekend as well. Teachers are human too, so we need time to relax at the end of the day. Also, please write a proper email prior to sending it to me.
- **Cell Phones and Earbuds**
 - o This one is simple, if you think it is a bad time to be on your phone it probably is a bad time. Getting to listen to music is a **PRIVILEGE!** If you think your phone is going to be an issue, you can turn it in to the cell phone jail at any time. If I tell you to turn in your phone it is either that or receive an office referral.
- **Hall Passes**
 - o At the beginning of each semester you will receive a hall pass. You will have 6 passes for the entire semester. These passes can be used to go to the

Between the World and the Urban Classroom George Sirrakos Jr., Christopher Emdin, 2017-05-12 Borrowing from the ideas of John Dewey schools and classrooms are a reflection of the world therefore in order to make sense of the urban classroom we need to make sense of the world In this book the editors have compiled a collection of nine critical essays or chapters each examining a particular contemporary national and or international event The essays each undertake an explicit approach to naming oppression and addressing it in the context of urban schooling Each essay has a two fold purpose The first purpose is to help readers see the world unveiled through a more critical lens and to problematize long held beliefs about urban classrooms with regard to race gender social class equity and access Second as each author draws parallels between an event and urban classrooms a better understanding of the microstructures that exist in urban classrooms emerges At a time of serious political economic and social uncertainty we need a book like this one that showcases how the world can be seen as a critical site of curriculum and pedagogy A powerful intersectional analysis of the world word and urban sociopolitical context authors in this book push the boundaries of what educators know and do in urban schools and classrooms Grounded in frameworks of critical race theory and culturally relevant pedagogy authors center essential societal moments that must be viewed as the real curriculum These moments can equip students with tools to examine the what of the world as well as how to examine critique challenge and disrupt individual systemic and structural realities and practices that perpetuate and maintain a racist sexist homophobic and xenophobic status quo This is an important forward thinking innovative book a welcome addition to the field of urban education H Richard Milner IV Helen Faison Chair of Urban Education University of Pittsburgh

New Literacies Practices Margaret C. Hagood, 2009 New literacies have been researched with various age groups in a variety of settings illustrating how text uses differ across contexts and highlighting stark divides between schooled and out of school literacies Not surprisingly schools have difficulty staying abreast of the technological and social aspects associated with new literacies *New Literacies Practices Designing Literacy Learning* takes into account these two concerns the dichotomy of contextual uses of new literacies across spaces and concerns that schooled instructional attempts with new literacies reify conventional literacy practices Authors in this volume include classroom teachers and researchers who begin from a stance that in an interconnected multimodal world new literacies exist across spaces It is no longer appropriate to consider if literacies between contexts such as out of school and in school dovetail Instead we must shape examinations according to how they dovetail The essays in this volume forge the amorphous divide between out of school and in school literacies through a design of pedagogy and examine how teachers and researchers collaborate to design instruction that accounts for students new literacies This book acknowledges that new literacies must be embedded into the curriculum not just included as an add on course or activity to the school day

The Will to Learn Dave Stuart Jr., 2023-04-14 Do the work Do it with care This is a book about love That is the active earnest and intelligent

pursuit of our neighbors good Teachers embody this kind of love we seek and serve the wholeness of others At the center of this love lies Dave Stuart Jr s philosophy that every teacher of every subject area in our schools has the potential to enrich students lives long term through the power of student motivation From art and physical education to science and social studies schools can make good on their promise and this book will show you how Join Stuart in this personable journey by tackling student motivation through The Five Key Beliefs of credibility value effort efficacy and belonging Ten strategies for incorporating the Five Key Beliefs into everyday teaching Common struggles for each strategy and how to overcome them A companion website with additional resources videos and downloadables Do the work Do it with care These inspirational guideposts will help us all build a world in which all schools can be both productive and humane *Transcending Equality, Diversity and Inclusion at Work* Marguerite L Weber,Hugo Gaggiotti,2024-06-07 The book reflects on ways of transcending Equality Diversity and Inclusion EDI by establishing a dialogue between the professional experience of the authors and experts from academia and practitioners from financial services and executive search The book emphasises the link and impact between what is taught and what is learned about EDI and how this reflects on later choices in career and workplace status The book offers a critical and global perspective emphasizing the multilocality and intersectionality dimension of diversity and unpicks key insights from different conceptualizations like class gender and postcolonialism and their relationship with the current paradigm of diversity and how people identify and communicate With an extensive collection of testimonies and invitations for reflection the book doesn t limit the analysis to the influences of historical power relations in the workplace but investigates at what stage multicultural power structures start developing a compulsory inclination to create differences and how this can influence hiring decision making and management in the workplace In the book academics and practitioners provide illumination and insights gleaned from their own personal experiences and perspectives Whilst the research targeted financial services and executive search the book s findings will appeal globally to individuals of all age groups regardless of educational status seniority or in which industry they are employed particularly those who are aware of how each one expresses similarity and differences sometimes in not obvious ways *Alexander Hamilton and the Development of American Law* Kate Elizabeth Brown,2017-08-25 Alexander Hamilton is commonly seen as the standard bearer of an ideology turned political party the Federalists engaged in a struggle for the soul of the young United States against the Anti Federalists and later the Jeffersonian Republicans Alexander Hamilton and the Development of American Law counters such conventional wisdom with a new more nuanced view of Hamilton as a true federalist rather than a one dimensional nationalist whose most important influence on the American founding is his legal legacy In this analytical biography Kate Elizabeth Brown recasts our understanding of Hamilton s political career his policy achievements and his significant role in the American founding by considering him first and foremost as a preeminent lawyer who applied law and legal arguments to accomplish his statecraft In particular Brown shows how Hamilton used inherited English legal principles

to accomplish his policy goals and how state and federal jurists adapted these Hamiltonian principles into a distinct republican jurisprudence throughout the nineteenth century When writing his authoritative commentary on the nature of federal constitutional power in *The Federalist* Hamilton juxtaposed the British constitution with the new American one he helped to create when proposing commercial monetary banking administrative or foreign policy in Washington's cabinet he used legal arguments to justify his desired course of action In short lawyering legal innovation and common law permeated Alexander Hamilton's professional career Re-examining Hamilton's post-war accomplishments through the lens of law Brown demonstrates that Hamilton's much studied political career as well as his contributions to republican political science cannot be fully understood without recognizing and investigating how Hamilton used Anglo-American legal principles to achieve these ends A critical re-evaluation of Hamilton's legacy as well as his place in the founding era Brown's work also enhances and refines our understanding of the nature and history of American jurisprudence

The World We Want Catherine Bishop, 2025-02-21 What happens when you handpick 30 smart articulate teenagers from across the globe and bring them to New York for 3 months during the Cold War They lived with American families attended American schools and participated in forums in person and on television discussing Middle East conflicts South African apartheid the Vietnam war American civil rights and women's place around the world Lauded as the voices of youth and hope they jammed with Pete Seeger chatted with US Presidents were star-struck by Harry Belafonte and Ingrid Bergman took inspiration from Noam Chomsky and had tea with Eleanor Roosevelt Many delegates later had significant roles in politics academia and international affairs The Herald Tribune World Youth Forum was both an idealistic attempt to create a better more peaceful postwar world and an exercise in Cold War soft power diplomacy Using over 200 oral history interviews archives and memorabilia scattered across the globe and the fabulous surviving footage of the 1950s televised debates now viral on YouTube award-winning historian Catherine Bishop brings to life the story of the Forum and its impact on young delegates For some it was simply a pleasant interlude For others it changed their world completely Pennsylvania School Journal, 1888 The Thoughtful Teacher

James D. Kirylo, 2021-04-15 A thoughtful teacher is one who works to foster an inspiring classroom environment where students fall in love with learning Indeed it is incumbent on the teacher to understand self to be prepared to possess command of subject matter to teach in a developmentally appropriate manner to mindfully incorporate culturally relevant practices and to illuminate a sense of connection with a diverse student population In that light *The Thoughtful Teacher Making Connections with a Diverse Student Population* highlights the critical importance of what it means to thoughtfully teach emphasizing that a central aspect toward transformation in education is through the dedicated efforts of thoughtful teachers Written in accessible language and making clear the important connection between theory and practice this book is an informative text for teachers teacher educators school administrators and those who have an interest in education

Faith Ed Linda K. Wertheimer,2016-08-23 An intimate cross country look at the new debate over religion in the public schools A suburban Boston school unwittingly started a firestorm of controversy over a sixth grade field trip The class was visiting a mosque to learn about world religions when a handful of boys unnoticed by their teachers joined the line of worshippers and acted out the motions of the Muslim call to prayer A video of the prayer went viral with the title Wellesley Massachusetts Public School Students Learn to Pray to Allah Charges flew that the school exposed the children to Muslims who intended to convert American schoolchildren Wellesley school officials defended the course but also acknowledged the delicate dance teachers must perform when dealing with religion in the classroom Courts long ago banned public school teachers from preaching of any kind But the question remains How much should schools teach about the world s religions Answering that question in recent decades has pitted schools against their communities Veteran education journalist Linda K Wertheimer spent months with that class and traveled to other communities around the nation listening to voices on all sides of the controversy including those of clergy teachers children and parents who are Muslim Jewish Christian Sikh or atheist In Lumberton Texas nearly a hundred people filled a school board meeting to protest a teacher s dress up exercise that allowed freshman girls to try on a burka as part of a lesson on Islam In Wichita Kansas a Messianic Jewish family s opposition to a bulletin board display about Islam in an elementary school led to such upheaval that the school had to hire extra security Across the country parents have requested that their

children be excused from lessons on Hinduism and Judaism out of fear they will shy away from their own faiths But in Modesto a city in the heart of California s Bible Belt teachers have avoided problems since 2000 when the school system began requiring all high school freshmen to take a world religions course Students receive comprehensive lessons on the three major world religions as well as on Sikhism Hinduism Buddhism and often Shintoism Taoism and Confucianism One Pentecostal Christian girl terrified by idols including a six inch gold Buddha learned to be comfortable with other students beliefs Wertheimer s fascinating investigation which includes a return to her rural Ohio school which once ran weekly Christian Bible classes reveals a public education system struggling to find the right path forward and offers a promising roadmap for raising a new generation of religiously literate Americans *Quilts Around the World* Spike
