Norvell,2014-03-13 Historians may have locked the box on the JFK assassination and the life of Lyndon Baines Johnson but in reading James Norvells riveting out of the box tale you will shiver with nagging thoughts of intrigue and doubt Norvells semi fictitious story bolstered with historical facts is a spellbinding masterpiece He has interacted with principal characters particularly Madeleine Brown and Billie Sol Estes and done so in a personal manner and over an extended period of time The more you read the more youll wonder Could this have happened Be careful once you pick it up you wont put it down Dynamite John H Jack Grubbs Ph D Brigadier General Ret U S Army author of Dryline and Bad Intentions Jim Norvells unique approach to explaining the assassination of President Kennedy leads the reader into this complex and often difficult subject from a fresh direction I recommend this book primarily because it exposes even the experienced student of the subject to information with which he may not have been familiar and to possible associations between competing theories about what happened in Dallas that may indicate many of them are not necessarily mutually exclusive after all Mr Norvell does not pull any punches and does not sugar coat the assassination story in any way An engaging read Douglas P Horne formerly Chief Analyst for Military Records Assassination Records Review Board B A in History Ohio State University and author of Inside the Assassination Records Review Board Vol I V My classmate from the Naval Academy Jim Norvell has put together a very shocking scenario that leads to a very different assassination event than the lone gunman lone event Oswald did it type answer Instead he constructs a list of timed events with key power brokers in 1963 that provides a hard core conspiratorial assassination plot And if you are not entirely convinced these diverse power brokers can mesh and team to make the killing of a President possible then go very slowly through the chapters that lay down the assassination time lines Point by point bullet by bullet the historical novel unfolds But I assure you that it will not end with a lone event a lone gunman Two additional assassinations follow with the shootings of Martin Luther King Jr and Robert F Kennedy Norvell drives you back in time to the 60s to piece together for you an entirely different assassination than the one focused on Oswald and defended as
