**The Last Thousand Days of the British Empire** P. F. Clarke, 2007 I have not become the King's First Minister in order to preside over the liquidation of the British Empire Winston Churchill's famous statement in November 1942 just as the tide of the Second World War was beginning to turn pugnaciously proclaimed his loyalty to the world wide institution which he had served devotedly for most of his life Yet less than five years after Churchill's trenchant speech and despite apparently winning the war the British Empire effectively ended with Indian Independence in August 1947 and the end of the British Mandate in Palestine in May 1948 How did this rapid change of fortune come about Peter Clarke's book is the first to analyse in detail the losing hand which Britain was dealt in the last year of the war and then to see how that hand was played over the next two years by Churchill's successors Its originality lies in the detailed narrative which shows how military political and economic developments bore down upon each other It makes superbly recreates both the geopolitics and the atmosphere of the period **Hope and Glory**, 2005
