The Berg Companion to Fashion Valerie Steele, 2015-08-01 An essential reference for students curators and scholars of fashion cultural studies and the expanding range of disciplines that see fashion as imbued with meaning far beyond the material Over 300 in depth entries covering designers articles of clothing key concepts and styles Edited and introduced by Valerie Steele a scholar who has revolutionized the study of fashion and who has been described by The Washington Post as one of fashion s brainiest women Derided by some as frivolous even dangerous and celebrated by others as art fashion is anything but a neutral topic Behind the hype and the glamour is an industry that affects all cultures of the world A potent force in the global economy fashion is also highly influential in everyday lives even amongst those who may feel impervious This handy volume is a one stop reference for anyone interested in fashion its meaning history and theory From Avedon to Codpiece Dandyism to the G String Japanese Fashion to Subcultures Trickle down to Zoot Suit The Berg Companion to Fashion provides a comprehensive overview of this most fascinating of topics and will serve as the benchmark guide to the subject for many years to come      *Encyclopedia of Twentieth-Century Photography, 3-Volume Set* Lynne Warren, 2005-11-15 The Encyclopedia of Twentieth Century Photography explores the vast international scope of twentieth century photography and explains that history with a wide ranging interdisciplinary manner This unique approach covers the aesthetic history of photography as an evolving art and documentary form while also recognizing it as a developing technology and cultural force This Encyclopedia presents the important developments movements photographers photographic institutions and theoretical aspects of the field along with information about equipment techniques and practical applications of photography To bring this history alive for the reader the set is illustrated in black and white throughout and each volume contains a color plate section A useful glossary of terms is also included      **Coco Chanel** Linda Simon, 2011-10-01 The name Chanel brings immediately to mind the signature scent of No 5 and the understated but sophisticated glamour of a simple black dress and pearls But to consider Gabrielle Coco Chanel 1883 1971 as simply a fashion designer fails to capture her social and cultural significance As Linda Simon reveals in this biography Chanel was an iconoclastic entrepreneur who rebelled against and manipulated gender expectations of her time With her menswear inspired designs her loose jersey sweaters belted jauntily at the waist and her svelte unadorned gowns Chanel changed women s silhouettes and she became known as a champion of women s freedom Chanel not only changed the shape of women s clothing but the narrative of women s lives in the early twentieth century From her very first hat shop until her death Chanel sold more than fashion she sold a myth that became as attractive for many women as her coveted outfits Simon here teases apart that myth to explore its contradictions Chanel was a self proclaimed recluse who emerged as one of the most spectacular personalities of her time she was a brilliant businesswoman who signed away ninety percent of her company and she was a genius who claimed she was nothing more than an artisan In this insightful book Simon examines the world both reflected and shaped by Chanel setting her life and

work within the context of women's history in France and America from the Roaring Twenties to the profound social changes of the 1960s Drawing upon rich archival sources Simon's lively book is a clear-eyed look at a woman whose influence and legend transcend the world of fashion      Fashion's Double Adam Geczy, Vicki Karaminas, 2015-12-17 Mere clothing is transformed into desirable fashion by the way it is represented in imagery Fashion's Double examines how meanings are projected onto garments through their representation whether in painting photography cinema or online fashion film conveying identity and status eliciting fascination and desire With in-depth case studies including the work of Nick Knight and Helmut Newton film examples such as The Hunger Games music video Girl Panic by Duran Duran and much more this book analyses the interrelationship between clothing identity embodiment representation and self representation Written for students and scholars alike Fashion's Double will appeal to anyone studying fashion cultural studies art theory and history photography sociology and film      The Sitwells and the Arts of the 1920s and 1930s Katie Bent, National Portrait Gallery (Great Britain), 1994 Battle is in the curve of their nostrils wrote Arnold Bennett of the Sitwells They issue forth from their bright pavilions and demand trouble Poets patrons of the arts and ardent self-publicists the three siblings Edith Osbert and Sacheverell rarely missed an opportunity to promote themselves or denounce their sworn enemy the philistine They were natural subjects and targets for the media Unconventional aristocratic physically imposing all more than six feet tall they were bold talented and provocative and there were three of them This book celebrates their lives and their artistic crusade which brought them into contact and conflict with many of the leading figures of the arts in the early part of this century Gertrude Stein T S Eliot Dylan Thomas and Evelyn Waugh were among their friends their favourite enemies included Wyndham Lewis Noel Coward and D H Lawrence      The 1930s Jean Clair, Pierre Théberge, 2008 On the heels of the Roaring Twenties the 1930s which spanned from the economic crisis of 1929 to the outbreak of the Second World War was a dark decade Beyond similar governmental mechanisms these regimes shared an ideology the will to create what they called the New Man This decade began with a more or less innocent dream of the theme of the original egg germination the harmonious growth of a fabric both biological and social but ended with the nightmarish discovery of the corpses in the concentration camps by the armies of liberation in 1945 BOOK JACKET      The British Journal of Photography, 1999      The National Union Catalog, 1968-1972, 1973      **The Magic Image** Cecil Beaton, Gail Buckland, 1989 This book originally published in 1975 contains examples of the works of over 100 photographers working from 1839 to the mid-seventies Photographers include William Henry Fox Talbot Lewis Carroll Julia Margaret Cameron Eugene Atget Man Ray Brassai and Diane Arbus      *Salute to the Thirties ... Photographs by Horst and George Hoyningen-Huene; Notes on the Plates by Valentine Lawford* Horst, 1971      **The National Union Catalogs, 1963-**, 1964      *Cole Porter* William McBrien, 2011-05-04 In his life and in his music Cole Porter was the top the pinnacle of wit and sophistication From the 1910s through the 50s from Yale pep rallies through the Broadway triumphs of Anything Goes and Kiss Me Kate he delighted audiences with a

glittering torrent of song I Get a Kick Out of You Night and Day Love for Sale and Just One of Those Things The bright surface of these gems their catchy melodies and ingenious lyrics made them instant pop hits Their more subtle qualities and their musical and emotional depth have made them lasting standards among the greatest glories of the American songbook In Cole Porter William McBrien has thoroughly captured the creator of these songs whose life was one not only of wealth and privilege but also of tragedy secrecy and courage A prodigal young man Porter found his aesthetic and emotional anchor in a long loving if sexless marriage while continuing to maintain many discreet affairs with men In 1937 at the height of his success he suffered a near fatal riding accident his last eighteen years were marked by pain drugs and repeated operations on his legs years of physical agony but unstinting artistic achievement Here is the book that Porter s fans have long hoped for a life that informs the great music and lyrics though illuminating glimpses of the hidden complicated private man **Icons of Style** Paul Martineau ,2018-07-10 In 1911 the French publisher Lucien Vogel challenged Edward Steichen to create the first artistic rather than merely documentary fashion photographs a moment that is now considered to be a turning point in the history of fashion photography As fashion changed over the next century so did the photography of fashion Steichen s modernist approach was forthright and visually arresting In the 1930s the photographer Martin Munkcsi pioneered a gritty photojournalistic style In the 1960s Richard Avedon encouraged his models to express their personalities by smiling and laughing which had often been discouraged previously Helmut Newton brought an explosion of sexuality into fashion images and turned the tables on traditional gender stereotypes in the 1970s and in the 1980s Bruce Weber and Herb Ritts made male sexuality an important part of fashion photography Today following the integration of digital technology teams like Inez Vinoodh and Mert Marcus are reshaping our notion of what is acceptable not just aesthetically but also technically and conceptually in a fashion photograph This lavishly illustrated survey of one hundred years of fashion photography updates and reevaluates this history in five chronological chapters by experts in photography and fashion history It includes more than three hundred photographs by the genre s most famous practitioners as well as important but lesser known figures alongside a selection of costumes fashion illustrations magazine covers and advertisements **Avery Memorial, Wadsworth Atheneum** Wadsworth Atheneum,1984 **National Union Catalog** ,1973 Includes entries for maps and atlases *Theatrical Costume* Jackson Kesler,1979 *The Photographic Art of Hoyningen-Huene* William A. Ewing,George Hoyningen-Huene,1986 History of fashion photography Keep has a good biography in back Hoyningen Huene was mentor of Horst and worked for Cukor Misha Schutt *The Publishers Weekly* ,1972 *Cumulative Book Index* ,1972 *Vanity Fair: The Portraits* Graydon Carter,Christopher Hitchens,David Friend,2008-09 Bringing together 300 iconic portraits from Vanity Fair s 95 year history in a remarkable book that captures the image of modern fame authors Carter and Friend showcase the magic that happens when individual talent and beauty and sometimes genius is caught in the spotlight of popular curiosity and passion Abrams
