How Stella Got Her Groove Back By Terry Mcmillan:

How Stella Got Her Groove Back Terry McMillan, 2004-01-06 *How Stella Got Her Groove Back* is full of Terry McMillan's signature humor, heart, and insight. More than a love story, it is ultimately a novel about how a woman saves her own life and what she must risk to do it. Stella Payne is forty-two, divorced, a high-powered investment analyst, mother of eleven-year-old Quincy, and she does it all. In fact, if she doesn't do it, it doesn't get done: from Little League carpool duty to analyzing portfolios to folding the laundry and bringing home the bacon. She does it all well too; if her chic house, personal trainer, BMW, and her loving son are any indication. So what if there's been no one to share her bed with lately, let alone rock her world? Stella doesn't mind it too much; she probably wouldn't have the energy for love and all of love's nasty fallout anyway. But when Stella takes a spur-of-the-moment vacation to Jamaica, her world gets rocked to the core, not just by the relaxing effects of the sun and sea and an island full of attractive men, but by one man in particular. He's tall, lean, soft-spoken, Jamaican, smells of citrus and the ocean, and is half her age. The tropics have cast their spell, and Stella soon realizes she has come to a cataclysmic juncture: not only must she confront her hopes and fears about love, she must question all of her expectations, passions, and ideas about life and the way she has lived it. **Jet**, 1998-08-17 The weekly source of African American political and entertainment news. **Black Professional Women in Recent American Fiction** Carmen Rose Marshall, 2015-01-24 The last three decades of the 20th century have marked the triumph of many black professional women against great odds in the workplace. Despite their success, few novels celebrate their accomplishments. Black middle-class professional women want to see themselves realistically portrayed by protagonists who work to achieve significant productivity and visibility in their careers, desire stability in their personal lives, aspire to accrue wealth, and live elegantly, though not consumptively. The author contends that most recent American realistic fiction fails to represent black professional women, protagonists performing their work effectively in the workplace. Identifying the extent to which contemporary novels satisfy the readerly desires of black middle-class women readers, this book investigates why the readership wants the texts as well as what they prefer in the books they buy. It also examines the technical and cultural factors that contribute to the lack of books with self-empowered black professional female protagonists and considers *The Salt Eaters* by Toni Cade Bambara and *Waiting to Exhale* by Terry McMillan, two novels that function as significant markers in the development of contemporary black women writers' texts. **Black Feminist Thought, 30th Anniversary Edition** Patricia Hill Collins, 2022-05-16 In the first major update to this classic book in many years, Collins traces the history and contours of Black women's ideas and actions to argue that Black feminist thought is the discourse that fosters Black women's survival, persistence, and success against the odds. Through meticulous research that synthesizes the important intellectual work done by Black women, Collins's timely update demonstrates that Black women's ideas and actions are not marginal concerns but rather are central to the future of social justice within democratic societies. The combination of the text's classic

arguments and a preface and epilogue written expressly for this edition speak to people who have long been working on social justice and to a new generation of readers who are encountering the ideas and actions of Black women for the first time For this 30th year anniversary edition Patricia Hill Collins examines how the ideas in this classic text speak to contemporary social issues and identifies the directions needed for the future of Black feminist thought **Critical**

Appropriations Simone C. Drake, 2014-05-12 From the novels of Toni Morrison to the music of Beyoncé Knowles the cultural prevalence of a transnational black identity as created by African American women is more than a product of geographic mobility Rather as author Simone C Drake shows these constructions illuminate our understanding of a chronically marginalized demographic In *Critical Appropriations* Drake contends that these fluid and heterogeneous characterizations of black females arise from multiple creative outlets literature film and music videos and reflect African American women's evolving concept of home community gender and family Through a close examination of Toni Morrison's *Paradise* Danzy Senna's *Caucasia* Gayl Jones's *Corregidora* Erna Brodber's *Louisiana* and Kasi Lemmons's film *Eve's Bayou* as well as Beyoncé Knowles's *B Day* album and music video collaboration with Shakira *Beautiful Liar* Drake reveals how concepts of hybridity whether positioned as *cr olit Candombl n gritude Latinidad* or *Brasilidade* are appropriated in each work of art as a way of challenging the homogeneous paradigm of black cultural studies This redefined notion of identity enables African American women to embrace a more complex transnational blackness that is not only more liberating but also more pertinent to their experiences Drawing from this borderless exchange of ideas and a richer concept of self *Critical Appropriations* offers a rewarding reconsideration of the creative implications for African American women mapping new directions in black women's studies *Historical Dictionary of African American Cinema* S. Torriano Berry, Venise T. Berry, 2007-01-26 On 4 July 1910 in 100 degree heat at an outdoor boxing ring near Reno Nevada film cameras recorded and thousands of fans witnessed former heavyweight champion Jim Jeffries reluctant return from retirement to fight Jack Johnson a black man After 14 grueling rounds Johnson knocked out Jeffries and for the first time in history there was a black heavyweight champion of the world At least 10 people lost their lives because of Johnson's victory and hundreds more were injured due to white retaliation and wild celebrations in the streets Public screenings received instantaneous protests and hundreds of cities barred the film from being shown Congress even passed a law making it a federal offense to transport moving pictures of prizefights across state lines and thus the most powerful portrayal of a black man ever recorded on film was made virtually invisible This is but one of the hundreds of films covered in the *Historical Dictionary of African American Cinema* which includes everything from *The Birth of a Nation* to *Crash* In addition to the films brief biographies of African American actors and actresses such as Sidney Poitier James Earl Jones Halle Berry Eddie Murphy Whoopi Goldberg Denzel Washington and Jamie Foxx can be found in this reference Through a chronology a list of acronyms and abbreviations an introductory essay a bibliography appendixes black white photos and hundreds of cross referenced dictionary entries on actors actresses movies producers organizations
