classes and class differences were still clearly marked in housing food clothing education medical treatment and purchasing power in general Your views on religion marriage sex and behaviour in general remained sharply defined and changed slowly and only at the end of the decade could the beginnings of change be seen At the same time the Second World War which began on 3 September 1939 was the climax of a long period of increasing anxiety during which the press the wireless and the cinema newsreel brought foreign affairs more and more into your daily life Using varied sources including personal memories and daily life as pictured in newspapers and novels Michael Alpert presents a broad picture of life for ordinary people in Britain nearly a century ago
