

## 400MHz BAND ON-BOARD COMMUNICATION SYSTEM

The JRC 400MHz-band on-board communication system consists of several portable stations, base station, and repeater antenna system. The portable stations, which are several handheld transceivers, enable to communicate each other from any working areas. The base station expands the communication range of portable stations. The repeater antenna system relays radio signals between two or more areas shielded each other by ship's bulkhead to expand communication areas.
