Living With Arabs Nine Years With The Petra Bedouin:

Living With Arabs Joan Ward, 2014-10-22 Horrendous news from the Middle East fills our newspapers and screens every day How can we begin to understand what drives people to treat each other as they do Medieval is a word often used Well informed commentators analyse political and military issues but give little insight into the cultural and domestic backgrounds of the protagonists Living with Arabs is an account of nine years spent visiting and living among the Bedouin tribes of Petra in southern Jordan in some ways a world away from the neighbouring war zones Through insightful accounts of day to day life a world of nobility and simplicity is revealed so too is a world of violence gender imbalance and the significance of Islam It is a story that begins viewed through rose coloured spectacles and moves to a gripping realisation of reality The shocking the funny the heart warming it is all here *Al Urdun* ,1976 **Life in a Cave in Petra with the Bdoul** Judith McKenzie, 2022-09-15 From 1981 until 1986 the archaeologist Judith McKenzie then a graduate student at the University of Sydney traveled to the ancient site of Petra in Jordan living in a cave there for extended periods in order to survey and measure architectural moldings on the rock cut monuments It was a critical time in the history of Petra where for centuries its local inhabitants known as the Bdoul had lived and worked But that tradition was coming to a close In 1985 the Bdoul began a move to the nearby village of Umm Sayhoun as directed by the Jordanian government This first hand account of life in a cave at Petra based on diaries Judith kept at the time she lived among the Bdoul is therefore important as a record of a lifestyle now largely vanished As she writes in her introduction I spent so much time socializing with the Bdoul I came to observe many aspects of Bdoul life in a series of visits over three main field seasons As women we had access to the world of young girls and women which men from outside did not while we were also sometimes treated as honorary men This memoir thus stands as a reminder of life at Petra before the arrival of modern day tourism at the site But this book is not only a memoir Observations are made on the ways in which the Bdoul have adapted to their new environment Changes at the site that have taken place since 1981 because of weathering and erosion are recorded through comparisons between photographs taken forty years ago and more recent images Ramifications of the expansion of the tourist industry at Petra in the 21st century are also considered Life in a Cave in Petra with the Bdoul 1981 1986 is therefore an important and essential volume on the archaeology and history of one of the best known ancient sites in the world **Survey of Science Specialties Parent Lesson Plan** ,2013-08-01 Survey of Science Specialities Course Description This is the suggested course sequence that allows two core areas of science to be studied per semester You can change the sequence of the semesters per the needs or interests of your student materials within each semester are independent of one another to allow flexibility Quarter 1 Archaeology The Archaeology Book takes you on an exciting exploration of history and ancient cultures You will learn both the techniques of the archaeologist and the accounts of some of the richest discoveries of the Middle East that demonstrate the accuracy and historicity of the Bible You will unearth how archaeologists know what life was like in the past

Being Bedouin Around Petra Mikkel Bille, 2019-01-02

Petra Jordan became a UNESCO World Heritage site in 1985 and the semi nomadic Bedouin inhabiting the area were resettled as a consequence The Bedouin themselves paradoxically became UNESCO Masterpieces of Oral and Intangible Heritage in 2005 for the way in which their oral traditions and everyday lives relate to the landscape they no longer live in Being Bedouin Around Petra asks How could this happen And what does it mean to be Bedouin when tourism heritage protection national discourse an Islamic Revival and even New Age spiritualism lay competing claims to the past in the present

Going with the Grain Susan Seligson,2013-12-17 My lifelong love affair with bread has less to do with crust crumb

and the vagaries of sourdough cultures and more to do with bread as a reflection of people's varied beliefs, daily lives and blood memories. Bread tells the most essential human stories. So begins Susan Seligson's personal and often humorous journey to discover the secrets of the baker's trade and the place bread has in the lives of those who consume it. Part travelogue, part cultural history with a handful of recipes thrown in for good measure, it is an exploration of the customs, traditions and rituals around the creating and eating of this most basic and enduring form of sustenance. Bread is the stuff of life. Governments have been overthrown and religious rituals created because of it. Fry bread, matzo, kasha, nan, baguette, all are as resonant of their specific culture as any artifact. In *Going with the Grain*, Seligson wanders the streets of the Casbah in Fes, Morocco to unlock the secrets of the thousand-year-old communal bakeries there. In Saratoga Springs, New York, she finds a bread maker so committed to making the ultimate loaf he built a unique sixty-ton hearth and uses only certified biodynamically grown wheat. Seligson knelt in the Jordanian desert beside a woman turning flat breads over glowing embers and plumbed the mysteries of Wonder Bread in an aseptic American factory. As satisfying as a slice of good bread with butter, *Going with the Grain* is for the armchair traveler and armchair baker alike.

Pilgrimage to Jerusalem and the Holy Land, 1187-1291 Denys Pringle, 2016-04-08

This book presents new translations of a selection of Latin and French pilgrimage texts and two in Greek relating to Jerusalem and the Holy Land between the fall of Jerusalem to Saladin in 1187 and the loss of Acre to the Mamluks in 1291. It therefore complements and extends existing studies which deal with the period from Late Antiquity to Saladin's conquest. Such texts provide a wealth of information not only about the business of pilgrimage itself but also on church history, topography, architecture and the social and economic conditions prevailing in Palestine in this period. Pilgrimage texts of the 13th century have not previously been studied as a group in this way and because the existing editions of them are scattered across a variety of rather obscure publications, they tend to be underutilized by historians despite their considerable interest. For instance, they are often more original than the texts of the 12th century representing first-hand accounts of travellers rather than simple reworkings of older texts. Taken together, they document the changes that occurred in the pattern of pilgrimage after the fall of Jerusalem in 1187 during its brief reoccupation by the Franks between 1229 and 1244 and during the period from 1260 onwards when the Mamluks gradually took military control of the whole country. In the 1250s-60s, for example, because of the difficulties faced by pilgrims in reaching Jerusalem itself, there developed an alternative set of holy sites offering indulgences in Acre. The bringing of Transjordan, southern Palestine and Sinai under Ayyubid and later Mamluk control also encouraged the development of the pilgrimage to St Catherine's monastery on Mount Sinai in this period. The translations are accompanied by explanatory footnotes and preceded by an introduction which discusses the development of Holy Land pilgrimage in this period and the context, dating and composition of the texts themselves. The book concludes with a comprehensive list of sources and a detailed index.
