Kissing Doorknobs Terry Spencer Hesser, 1999-11-09 During her preschool years Tara Sullivan lived in terror that something bad would happen to her mother while they were apart In grade school she panicked during the practice fire drills Practice for what Tara asked For the upcoming disaster that was bound to happen Then at the age of 11 it happened Tara heard the phrase that changed her life Step on a crack break your mother s back Before Tara knew it she was counting every crack in the sidewalk Over time Tara s quirks grew and developed arranging her meals on plates nonstop prayer rituals until she developed a new ritual wherein she kissed her fingers and touched doorknobs

Freedom from the Known J. Krishnamurti, 2024-10-17 Embark on a profound journey of self discovery with J Krishnamurti s Freedom from the Known This enlightening work invites you to break free from the shackles of societal expectations and become the true architect of your own destiny Krishnamurti delves into the essence of human disorder revealing that our inner turmoil often stems from living according to the dictates of others rather than our own authentic selves In his most thought provoking style

Krishnamurti illuminates the path to immediate and radical freedom He demonstrates how transforming our inner world can reshape our relationships and the very structure of society This vital book underscores the urgent need for change and the boundless possibilities that arise when we recognize our own potential for transformation Let Freedom from the Known guide you towards a deeper understanding of yourself and a liberated way of life **A New Approach to Dementia** Andrea Tales,Jan Kremlacek,Emma Richards,2025-06-20 A New Approach to Dementia Examining Sensory and Perceptual Impairment is a groundbreaking work which highlights the non memory impairments of the dementias to improve both early recognition of dementia and clinical diagnosis as well as interventions and care It focuses clinical attention on the significant evidence supporting the existence of many types of sensory and perception related changes abnormalities sometimes at the early stages of the disease and throughout its progression Providing a holistic overview of the field the book includes self reports of people with dementia and caregivers alongside an in depth discussion of the application of the findings about non memory impairments to clinical care and management It leads a movement to address the over focus on memory function in dementia and ageing arguing for the need to test sensory and perceptual abnormalities to improve clinical practice and research into and the care and support of people living with dementia and associated disorders With its mix of scientific and clinical and real life relevance this book is essential for clinicians and researchers specialising in ageing and dementia as well as carers working with people living with dementia and students of neuropsychology neurocognition medicine and health and social care *HIV/AIDS Training Resource Kit* Peace Corps (U.S.). Information Collection and Exchange,2008 Kit provides session plans fact sheets and other resources to help tailor HIV AIDS training in pre service training and in service training to the needs of various groups of trainees and Volunteers **Dulces Por Naturaleza** Angelita Bianculi,2003 **In Defence of Country** Noah Riseman,2016-01-19 Aboriginal and Torres Strait Islander people have been protecting country since time immemorial One way they have continued these traditions in recent times is through service in the Australian military both overseas and within Australia In Defence of Country presents a selection of life stories of Aboriginal and Torres Strait Islander ex servicemen and women who served in the Australian Army Navy and Air Force after World War Two In their own words participants discuss a range of issues including why they joined up racial discrimination the Stolen Generations leadership discipline family war and peace education and skills development community advocacy and their hopes for the future of Indigenous Australia Individually and collectively the life stories in this book highlight the many contributions that Aboriginal and Torres Strait Islander servicemen and women have made and continue to make in defence of country **Religion as a Social Determinant of Public Health** Ellen L. Idler,2014 Frequently in partnership but sometimes at odds religious institutions and public health institutions work to improve the well being of their communities There is increasing awareness among public health professionals and the general public that the social conditions of poverty lack of education income inequality poor working conditions and experiences of discrimination play a dominant role in

determining health status But this broad view of the social determinants of health has largely ignored the role of religious practices and institutions in shaping the life conditions of billions around the globe In Religion as a Social Determinant of Public Health leading scholars in the social sciences public health and religion address this omission by examining the embodied sacred practices of the world s religions the history of alignment and tension between religious and public health institutions the research on the health impact of religious practice throughout the life course and the role of religious institutions in health and development efforts around the globe In addition the volume explores religion s role in the ongoing epidemics of HIV AIDS and Alzheimer s disease as well as preparations for an influenza pandemic Together these groundbreaking essays help complete the picture of the social determinants of health by including religion which has until now been an invisible determinant
