Bauman, 2007 **Map Link Catalog**, 2007 **The Dracula Dilemma** Duncan Light, 2016-03-23 For many in the West Romania is synonymous with Count Dracula Since the publication of Bram Stoker's famous novel in 1897 Transylvania and by extension Romania has become inseparable in the Western imagination with Dracula vampires and the supernatural Moreover since the late 1960s Western tourists have travelled to Transylvania on their own searches for the literary and supernatural roots of the Dracula myth Such Dracula tourism presents Romania with a dilemma On one hand Dracula is Romania's unique selling point and has considerable potential to be exploited for economic gain On the other hand the whole notion of vampires and the supernatural is starkly at odds with Romania's self image as a modern developed European state This book examines the way that Romania has negotiated Dracula tourism over the past four decades During the communist period up to 1989 the Romanian state did almost nothing to encourage such tourism but reluctantly tolerated it However some discrete local initiatives were developed to cater for Dracula enthusiasts that operated at the margins of

legality in a communist state In the post communist period after 1989 any attempt to censor Dracula has disappeared and the private sector in Romania has been swift to exploit the commercial possibilities of the Count However the Romanian state remains ambivalent about Dracula and continues to be reluctant to encourage or promote Dracula tourism As such Romania's dilemma with Dracula remains unresolved Romania e Moldova Robert Reid, Leif Pettersen, 2007 Historical Dictionary of Bulgaria Raymond Detrez, 2014-12-18 Bulgaria is a country of extraordinary beauty with high wild mountains and gentle valleys and with picturesque cities and idyllic villages It is bordered by Romania Serbia Macedonia Greece Turkey and the Black Sea After many years of communist rule Bulgaria adopted a democratic constitution and began the process of moving toward political democracy and a market economy while combating inflation unemployment corruption and crime The country joined NATO in 2004 and the EU in 2007 This third edition of Historical Dictionary of Bulgaria covers its history through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 700 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about Bulgaria *Silicon Valley Imperialism* Erin McElroy, 2024-02-02 Erin McElroy maps processes of gentrification racial dispossession and economic predation in the San Francisco Bay Area and postsocialist Romania to expose the mechanisms through which global techno capitalism devours space and societies in order to expand its reach
