southern food stories that speak to the identity of the region explain how food helps to build identities and explore how it enables cultural exchange Food acts rhetorically with what we choose to eat and serve sending distinct messages It also serves a vital identity building function factoring heavily into our memories narratives and understanding of who we are Finally because food and the tales surrounding it are so important to southerners the rhetoric of food offers a significant and meaningful way to open up dialogue in the region By sharing and celebrating both foodways and the food itself southerners are able to revel in shared histories and traditions In this way individuals find a common language despite the divisions of race and class that continue to plague the South The rich subject of southern fare serves up a significant starting point for understanding the powerful rhetorical potential of all food A Place Called Canterbury Dudley Clendinen,2008-05-01 An affectionate touchingly empathetic Janet Maslin The New York Times look at old age in America today Welcome to Canterbury Tower an apartment building in Florida where the residents are busy with friendships love sex money and gossip and the average age is eightysix Journalist Dudley Clendinen s mother moved to Canterbury in 1994 planning like most the inhabitants to spend her final years there But life was not over yet for the feisty southern matron There she and her eccentric new friends lived out a soap opera of dignity nerve and humor otherwise known as the New Old Age A Place Called Canterbury is both a journalist s account of the last years of the Greatest Generation and a son s rueful memoir of his mother Entertaining and unsparing it is essential reading for anyone with aging parents and those wondering what their own old age might look like **Alphabet Juice** Roy Blount,2009-09-29 Ali G How many words does you know Noam Chomsky Normally humans by maturity have tens of thousands of them Ali G What is some of em Da Ali G Show Did you know that both mammal and matter derive from baby talk Have you noticed how wince makes you wince Ever wonder why so many h words have to do with breath Roy Blount Jr certainly has and after forty years of making a living using words in every medium print or electronic except greeting cards he still can t get over his ABCs In Alphabet Juice he celebrates the electricity the juju the sonic and kinetic energies of letters and their combinations Blount does not prescribe proper English The franchise he claims is over the counter Three and a half centuries ago Thomas Blount produced Blount s Glossographia the first dictionary to explore derivations of English words This Blount s Glossographia takes that pursuit to other levels from Proto Indo European roots to your epiglottis It rejects the standard linguistic notion that the connection between words and their meanings is arbitrary Even the word arbitrary is shown to be no more arbitrary at its root than go to guy or crackerjack From sources as venerable as the OED in which Blount finds an inconsistency at whisk and as fresh as Urbandictionary com to which Blount has contributed the number one definition of alligator arm and especially from the author s own wide ranging experience Alphabet Juice derives an organic take on language that is unlike and more fun than any other **The Oxford American Book of Great Music Writing** Marc Smirnoff,2010-07-01 A compilation of fifty five dynamic and wide ranging essays from the pages of The Oxford American pays tribute to the lives and legacies of Southern musicians and the influence of musical

Cuba and the Fall Eduardo González, 2010-08-05 The literature of Cuba argues Eduardo González in this new book takes on quite different features depending on whether one is looking at it from the inside or from the outside a view that in turn is shaped by official political culture and the authors it sanctions or by those authors and artists who exist outside state policies and cultural politics González approaches this issue by way of two twentieth century writers who are central to the canon of gay homoerotic expression and sensibility in Cuban culture Jos Lezama Lima 1910-1976 and Reinaldo Arenas 1943-1990 Drawing on the plots and characters in their works González develops both a story line and a

moral tale revolving around the Christian belief in the fall from grace and the possibility of redemption that bring the writers into a unique and revealing interaction with one another The work of Lezama Lima and Arenas is compared with that of fellow Cuban author Virgilio Pi era 1912 1979 and in a wider context with the non Cuban writers John Milton Nathaniel Hawthorne William Faulkner John Ruskin and James Joyce to show how their themes get replicated in Gonz lez s selected Cuban fiction Also woven into this interaction are two contemporary films The Devil s Backbone 2004 and Pan s Labyrinth 2007 whose moral and political themes enhance the ethical values and conflicts of the literary texts Referring to this eclectic gathering of texts Gonz lez charts a cultural course in which Cuba moves beyond the Caribbean and into a latitude uncharted by common words beyond the tyranny of place
