The Rise of Spanish-Language Filmmaking Lisa Jarvinen, 2012-06-05 Silent film was universally understood and could be exported anywhere But when talkies arrived the industry began experimenting with dubbing subtitling and dual track productions in more than one language Where language fractured the European film market for Spanish speaking countries and communities it created new opportunities In *The Rise of Spanish Language Filmmaking* Lisa Jarvinen focuses specifically on how Hollywood lost ground in the lucrative international Spanish speaking audience between 1929 and 1939 Hollywood studios initially trained cadres of Spanish speaking film professionals created networks among them and demonstrated the viability of a broadly conceived transnational Spanish speaking film market in an attempt to forestall the competition from other national film industries By the late 1930s these efforts led to unintended consequences and helped to foster the growth of remarkably robust film industries in Mexico Spain and Argentina Using studio records Jarvinen examines the lasting effects of the transition to sound on both Hollywood practices and cultural politics in the Spanish speaking world She shows through case studies based on archival research in the United States Spain and Mexico how language as a key marker of cultural identity led to new expectations from audiences and new possibilities for film producers

Buster Keaton James Curtis, 2022-02-15 One of Literary Hub's Five Most Critically Acclaimed Biographies of 2022 From acclaimed cultural and film historian James Curtis a major biography the first in more than two decades of the legendary comedian and filmmaker who elevated physical comedy to the highest of arts and whose ingenious films remain as startling innovative modern and irresistible today as they were when they beguiled audiences almost a century ago It is brilliant I was totally absorbed couldn't stop reading it and was very sorry when it ended Kevin Brownlow It was James Agee who christened Buster Keaton The Great Stone Face Keaton's face Agee wrote ranked almost with Lincoln's as an early American archetype it was haunting handsome almost beautiful yet it was also irreducibly funny Keaton was the only major comedian who kept sentiment almost entirely out of his work and he brought pure physical comedy to its greatest heights Mel Brooks A lot of my daring came from Keaton Martin Scorsese influenced by Keaton's pictures in the making of *Raging Bull* The only person who had the right attitude about boxing in the movies for me Scorsese said was Buster Keaton Keaton's deadpan stare in a porkpie hat was as recognizable as Charlie Chaplin's tramp and Harold Lloyd's straw boater and spectacles and with W C Fields the four were each considered a comedy king but Keaton was and still is considered to be the greatest of them all His iconic look and acrobatic brilliance obscured the fact that behind the camera Keaton was one of our most gifted filmmakers Through nineteen short comedies and twelve magnificent features he distinguished himself with such seminal works as *Sherlock Jr* *The Navigator* *Steamboat Bill Jr* *The Cameraman* and his masterpiece *The General* Now James Curtis admired biographer of Preston Sturges definitive *Variety* W C Fields by far the fullest fairest and most touching account we have yet had Or are likely to have Richard Schickel front page of *The New York Times* Book Review and Spencer Tracy monumental definitive
