

The Foundation places you on the leading edge for Scouting impact and program innovation through the *Growing Future Leaders* campaign. During the campaign, you can give to or through the Foundation and designate your gift to the specific area of Scouting you love.

Donor Advised Funds are one of the fastest-growing types of personal and family philanthropy. You make gifts now, but can decide later which charities (Scouting and non-Scouting) will benefit. These funds are highly efficient alternatives to family foundations.

Endowments and Donor-Directed Funds establish resources for a specific council, project, or facility. Endowments are usually more permanent. Donor-directed funds tend to be short-term and flexible. Both types may expend income and principal as you wish.

Scholarships and Camperships provide need-based and merit-based support to help cover the costs of camping, jamborees, high-adventure experiences, and the spiraling costs of higher education. These gifts fuel some of the greatest incentives for youth and their families to join and remain involved in Scouting.

Firstfoundation Annual Report 2015:

Putin's Master Plan Douglas E. Schoen, 2016-09-27 Vladimir Putin has a master plan to destroy Europe divide NATO reclaim Russian influence in the world and most of all to marginalize the United States and the West in order to achieve regional hegemony and global power Putin's unified strategy and vision for Europe has not been thoroughly discussed or articulated in any meaningful way until now Putin's Master Plan is the first comprehensive attempt to systematically explain Putin's global strategy which could inevitably and inexorably lead to the breakup of the NATO alliance and potentially to war with the West Currently the West has no strategy no plan and no tactics to confront Putin's master plan other than imposing limited economic sanctions which have done little to deter Putin's aggression and may well have encouraged and facilitated it The viewpoint taken here is not just alarmism but an accurate and for the first time clear and sober portrayal of a frightening situation that more and more serious observers of European and Russian politics are openly recognizing and acknowledging Putin's Master Plan makes the case that it is essential to wake up to Putin's strategy to destroy Europe divide NATO and build a new empire in the former Soviet Union Russia has demonstrated an extraordinary level of aggression most boldly in its outright invasions of Georgia and Ukraine American weakness and a divided Europe have left Russia's terrified neighbors without an alternative to Russian domination and even once stalwart American allies such as the Republic of Georgia are on the brink of becoming part of Putin's new empire in Europe Putin has made it clear that he sees NATO expansion as a fundamental threat to Russian nationhood and he is systematically challenging the NATO Alliance as well as the United States So far he is winning
