INSTRUCTIONAL AIDE CTE PREP CLASS

Learn the skills and techniques necessary to become an instructional aide in this two-course sequence, which prepares students to work as paraprofessionals supporting students and teachers in K-12 classrooms.

Cost: \$25 for the two-course sequence class;

PARAPROFESSIONAL MATH PREPARATION

Students receive support as they successfully complete the instructional aide proficiency exam. It is important for paraprofessionals to have current math skills and knowledge to work with students in a math classroom. It may have been several years since you were the student in such a classroom, so your skills may be rather fuzzy. This class will help you prepare for the ParaPro Assessment by reviewing the specific math skills covered on the test.

PARAPROFESSIONAL READING AND WRITING

Students receive support as they successfully complete the instructional aide proficiency exam. Assisting with reading instruction can involve not only knowing reading strategies, but determining when to use them and being able to explain them to students. This class will help you review things you know, as well as to translate this knowledge into helpful techniques to use with students. Coach students through the process of writing—from planning to final editing. This class will tell you what you need to know before testing and the types of things with which you'll be expected to assist in the classroom.

Students are also encouraged to take additional classes that will be offered to specialize in Instructional Aide for Special Education. Specialized class will have additional cost.

DISABILITY AWARENESS AND STRATEGIES

Students develop the needed skills to recognize and respond appropriately to individuals with a variety of disabilities as defined by the Individuals with Disabilities Education Act (IDEA).

FIRST AIDE AND CPR

Red Cross CPR and First Aid certification. This training session will teach attendees how to perform CPR on adults, children, and infants. You will also learn how to assist a choking victim and how to use automated external defibrillator (AED). Upon successful completion of the course, you will be given a Red Cross card that certifies your training for the next two years!

**Preparation for the ETS Professional Educator Program ParaPro Assessment. Test fees not included.*
