Listen!* Andrew S. Latham,2024-01-18 How does analyzing video games as hypertexts expand the landscape of research for video game rhetoricians and games studies scholars This is the first book to focus on how hypertext rhetoric impacts the five canons of rhetoric and to apply that hypertext rhetoric to the study of video games It also explores how ludonarrative agency is seized by players seeking to express themselves in ways that game makers did not necessarily intend when making the games that players around the world enjoy This book takes inspiration from *The Legend of Zelda* a series which players all over the world have spent decades deconstructing through online playthroughs speedruns and glitch hunts Through these playthroughs players demonstrate their ability to craft their own agency independent of the objectives built by the makers of these games creating new rhetorical situations worthy of analysis and consideration *Game Feel* Steve Swink,2008-10-13 *Game Feel* exposes feel as a hidden language in game design that no one has fully articulated yet The language could be compared to the building blocks of music time signatures chord progressions verse no matter the instruments style or time period these building blocks come into play Feel and sensation are similar building blocks whe *SPIN* ,2007-11 From the concert stage to the dressing room from the recording studio to the digital realm *SPIN* surveys the modern musical landscape and the culture around it with authoritative reporting provocative interviews and a discerning critical ear With dynamic photography bold graphic design and informed irreverence the pages of *SPIN* pulsate with the energy of today s most innovative sounds Whether covering what s new or what s next *SPIN* is your monthly VIP pass to all that rocks **The Dark Side of Game Play** Torill Elvira Mortensen,Jonas Linderöth,Ashley ML Brown,2015-06-05 Games allow players to experiment and play with subject positions values and moral choice In game worlds players can take on the role of antagonists they allow us to play with behaviour that would be offensive illegal or immoral if it happened outside of the game sphere While contemporary games have always handled certain problematic topics such as war disasters human decay post apocalyptic futures cruelty and betrayal lately even the most playful of genres are introducing situations in which players are presented with difficult ethical and moral dilemmas This volume is an investigation of dark play in video games or game play with controversial themes as well as controversial play behaviour It covers such questions as Why do some games stir up political controversies How do games invite or even push players towards dark play through their design Where are the boundaries for what can be presented in a games Are these boundaries different from other media such as film and books and if so why What is the

allure of dark play and why do players engage in these practices Medievalisms Tison Pugh, Angela Weisl, 2012-11-12 From King Arthur and Robin Hood through to video games and jousting themed restaurants medieval culture continues to surround us and has retained a strong influence on literature and culture throughout the ages This fascinating and illuminating guide is written by two of the leading contemporary scholars of medieval literature and explores The influence of medieval cultural concepts on literature and film including key authors such as Shakespeare Tennyson and Mark Twain The continued appeal of medieval cultural figures such as Dante King Arthur and Robin Hood The influence of the medieval on such varied disciplines such as politics music children s literature and art Contemporary efforts to relive the Middle Ages Medievalisms Making the Past in the Present surveys the critical field and sets the boundaries for future study providing an essential background for literary study from the medieval period through to the twenty first century The Legend of Zelda. The History of a Legendary Saga Vol. 2 Valérie Précigout, 2019-02-19 Continue the discovery of the famous game The Legend of Zelda Featuring in the pantheon of video games the Breath of the Wild episode of the mythical Zelda saga is fully covered in this new book Following the first Chronicle volume of a legendary saga this second part focuses exclusively on the episode Breath of the Wild decrypting its references its game system and the inspiration of its developers EXTRACT Starting production on a title that sought to radically redefine the core elements of a franchise as iconic as The Legend of Zelda involved a certain amount of risk for Nintendo To fully understand the situation we feel it is essential to start by determining what was really at stake in this challenging effort by looking at the many promises that The Legend of Zelda Breath of the Wild carried with it from the earliest announcement of its development until the moment it was released With this perspective in mind we will first step back in time to examine any clues potentially found in other recent installments of the franchise as to the creators desire to rethink the game s most basic conventions We will then consider what fans were expecting from this attempt to go back to basics and revive the ambitions of the original Legend of Zelda We will also look at Nintendo s communications strategy by way of the trailers and other official presentations that were used to introduce the game and consider the credibility of Breath of the Wild s claim to innovation in its approach to the open world genre Of course we will also focus considerable attention on director Hidemaro Fujibayashi s history with the series and listen to the development team s thoughts as we attempt to better understand the origins of this latest Zelda game We then close the chapter with a look at initial reactions from fans and video game journalists when the game was first released on March 3 2017 ABOUT THE AUTHOR Better known by her pseudonym Romendil Val rie Pr cigout spent 15 years as a journalist for Jeuxvideo com Europe s largest video game website A fan of Japanese RPGs she managed to establish herself as an online critic when the Internet was still struggling to keep up with print media She loves manga culture and Japanese leisure activities and shares her impressions about video gaming news at Extralife fr She is also the author of Dragon Ball The Tribute from the Force label at Third ditions and contributes articles to the Level Up book series from the same publisher
