## First Year Composition Guide:

*First-Year Composition* Deborah Coxwell-Teague, Ronald F. Lunsford, 2014-05-01 *First Year Composition From Theory to Practice* s combination of theory and practice provides readers an opportunity to hear twelve of the leading theorists in composition studies answer in their own voices the key question of what it is they hope to accomplish in a first year composition course In addition these chapters and the accompanying syllabi provide rich insights into the classroom practices of these theorists      *Contribute a Verse* Tanya Long Bennett, 2015-08-11 *Contribute a Verse* A Guide to First Year Composition combines a composition rhetoric manual with grammar and documentation instruction and resources The textbook also includes a glossary of pertinent terms and ancillary instructor resources      *Empowering the Community College First-Year Composition Teacher* Meryl Siegal, Betsy Gilliland, 2021-03-01 Community colleges in the United States are the first point of entry for many students to a higher education a career and a new start They continue to be a place of personal and ultimately societal transformation And first year composition courses have become sites of contestation This volume is an inquiry into community college first year pedagogy and policy at a time when change has not only been called for but also mandated by state lawmakers who financially control public education It also acknowledges new policies that are eliminating developmental and remedial writing courses while keeping mind that for most community college students first year composition serves as the last course they will take in the English department toward their associate s degree Chapters focusing on pedagogy and policy are integrated within cohesively themed parts 1 refining pedagogy 2 teaching toward acceleration 3 considering programmatic change and 4 exploring curriculum through research and policy The volume concludes with the editors reflections regarding future work a glossary and reflection questions are included This volume also serves as a call to action to change the way community colleges attend to faculty concerns Only by listening to teachers can the concerns discussed in the volume be addressed it is the teachers who see how societal changes intersect with campus policies and students lives on a daily basis      *A Student Guide to College Composition* William Murdick, 2011-07 This book helps students succeed in composition by showing them How to be effective students How to handle the most difficult challenges of academic writing How to approach the most common writing assignments How to pass a timed writing test William Murdick has a Ph D in rhetoric and is the author of three other writing textbooks *The Portable Business Writer* Houghton Mifflin 1999 and *The Portable Technical Writer* Houghton Mifflin 2001 and *College Writing A First Course Writing and Reasoning* Jain 2006 Note on the Second Edition This expanded Second Edition includes full chapter treatments of the five paragraph theme and the cause effect essay      *Intellectual Creativity in First-Year Composition Classes* Heidi Wall Burns, Michael MacBride, 2016-10-12 Today s first year composition classrooms are largely reflective of the writing pedagogy that has been used for the last 200 years Unfortunately this methodology does not meet the research or writing needs of today s college and university students Burns and MacBride were determined to make their first year composition courses

more relevant to their students and sought a way to revolutionize their syllabus to do so Building on the work of Tom Romono Nancy Mack Camille Allen Sirpa Grierson Melinda Putz and others Burns and MacBride set out to determine if a multigenre research project could better teach their students research writing and critical thinking skills than a traditional research based essay The findings of their semester long study indicated that not only does a MGRP teach these skills but it far surpasses a traditional essay in teaching engagement intellectual creativity and transferable writing skills Burns and MacBride demonstrate two different ways to integrate a multigenre research project into the college composition classroom
