### Getting Started

#### Get Started in Three Easy Steps

**1. Set Up Your LEAPSTER2 Handheld:** Insert batteries in the battery compartment on the back of the handheld and close and secure the compartment door. Press the On/Off button and select your country code (note: only required the first time). Create a profile for each child who will play with the handheld (it can store up to three profiles—pick a name that is easy to remember and can also be used for online profiles). Select a profile on the Player Select screen.

**2. Install the LEAPFROG® Connect Application:** Insert the included CD-ROM into your computer and follow the instructions on the screen to install the application. An Internet connection is required.

**3. Connect Online to Download Your Included Titles:** Turn on the handheld and connect it to your computer using the included USB cable. Choose a player profile in the LEAPSTER2 view of the Connect Application. Follow the on-screen directions to select and download your child's game of choice. Disconnect the handheld from your computer for on-the-go play!

*If you already have the LEAPFROG Connect Application installed for another device, you will still need to insert the included CD-ROM to install your LEAPSTER2 software. If the included CD-ROM doesn't work or is lost, go to [leapfrog.com/gaming/leapster2](http://leapfrog.com/gaming/leapster2) to download the application.*

### Your LEAPSTER2 Handheld

### FOUR WAYS to Play!

The Main Menu on the LEAPSTER2 handheld displays four icons for each of the ways to play. Select any activity from the Main Menu to access the following games and activities.

Tuning into Mom Michal Clements, Teri Lucie Thompson, 2011-10-15 American mothers are household CFOs in charge of an estimated 2.45 trillion in direct spending. They are also an important influence on other family members' buying habits. Many organizations have identified moms as an important customer group, but the broad age-based definitions these companies work with mask an array of different consumer behaviors. Written by two leading marketers, this book provides a new approach to understanding the American Mom market, examining the effect of age of the eldest child on women's values and attitudes to food, exercise, education, health, technology, and fashion. The authors examine the mom's influence on or control of the purchasing habits of children of all ages, from infants and toddlers to young adults. In doing so, it brings focus to the frequently overlooked purchase influence of moms on teenagers. The authors combine large-scale quantitative research of more than 4,700 mothers with qualitative case studies from individual participants. The authors also draw on decades of real-world experience to combine their research with implementable examples of best practice. Highly recommended for practitioners in retailing and product development, this book will also be a valuable supplemental text for college courses in consumer behavior and marketing strategy.
