OECD Fiscal Federalism Studies Bricks, Taxes and Spending

Solutions for Housing Equity across Levels of Government OECD, Korea Institute of Public Finance, 2023-10-26 This report addresses housing inequities through a series of analytical chapters and case studies The cross country chapters examine the effects of the COVID 19 pandemic on housing demand develop a proposal for a green land value tax evaluate the dynamics between fiscal autonomy and housing supply responsiveness as well as explore the drivers of inter regional migration

The City Reader Richard T. LeGates, Frederic Stout, 2015-07-16 The sixth edition of the highly successful The

City Reader juxtaposes the very best classic and contemporary writings on the city to provide the comprehensive mapping of the terrain of Urban Studies and Planning old and new The City Reader is the anchor volume in the Routledge Urban Reader Series and is now integrated with all ten other titles in the series This edition has been extensively updated and expanded to reflect the latest thinking in each of the disciplinary areas included and in topical areas such as compact cities urban history place making sustainable urban development globalization cities and climate change the world city network the impact of technology on cities resilient cities cities in Africa and the Middle East and urban theory The new edition places greater emphasis on cities in the developing world globalization and the global city system of the future The plate sections have been revised and updated Sixty generous selections are included forty four from the fifth edition and sixteen new selections including three newly written exclusively for The City Reader The sixth edition keeps classic writings by authors such as Ebenezer Howard Ernest W Burgess LeCorbusier Lewis Mumford Jane Jacobs and Louis Wirth as well as the best contemporary writings of among others Peter Hall Manuel Castells David Harvey Saskia Sassen and Kenneth Jackson In addition to newly commissioned selections by Yasser Elshestawy Peter Taylor and Lawrence Vale new selections in the sixth edition include writings by Aristotle Peter Calthorpe Alberto Camarillo Filip DeBoech Edward Glaeser David Owen Henri Pirenne The Project for Public Spaces Jonas Rabinovich and Joseph Lietman Doug Saunders and Bish Sanyal The anthology features general and section introductions as well as individual introductions to the selected articles introducing the authors providing context relating the selection to other selection and providing a bibliography for further study The sixth edition includes fifty plates in four plate sections substantially revised from the fifth edition

Urban Environmental Policy Analysis
Heather E. Campbell, Elizabeth A Corley, 2015-02-12 This timely book provides a wealth of useful information for following through on today's renewed concern for sustainability and environmentalism It's designed to help city managers policy analysts and government administrators think comprehensively and communicate effectively about environmental policy issues The authors illustrate a system based framework model of the city that provides a holistic view of environmental media land air and water while helping decision makers to understand the extent to which environmental policy decisions are intertwined with the natural built and social systems of the city They go on to introduce basic and environment specific policy analytic models methods and tools presents numerous specific environmental policy puzzles that will confront cities and introduces methods for understanding and educating public opinions around urban environmental policy The book is grounded in the policy analytic perspective rather than political science economic or planning frameworks It includes both new scholarship and synthesis of existing policy analysis Numerous tables figures checklists and maps as well as a comprehensive reference list are included

Perverse Cities Pamela Blais, 2011-07-01 Urban sprawl low density subdivisions and business parks big box stores and mega malls has increasingly come to define city growth despite decades of planning and policy In Perverse Cities Pamela Blais argues that flawed public policies and mis pricing create hidden

perverse subsidies and incentives that promote sprawl while discouraging more efficient and sustainable urban forms clearly not what most planners and environmentalists have in mind She makes the case for accurate pricing and better policy to curb sprawl and shows how this can be achieved in practice through a range of market oriented tools that promote efficient sustainable cities **The Rural to Urban Transition in Developing Countries** Amrutha Mary Varkey, 2023-04-10

Increasing urbanisation and industrial development are occurring at the expense of shrinking forest cover and agricultural land in South Asia Various land uses compete with each other reducing forests and farmlands This book addresses urbanisation and peri urban land markets with a special focus on Bangalore one of the fastest growing cities in South Asia It contributes to historic perspectives on the spatial transformation of peri urban locales as well as providing much needed empirical evidence The book discusses issues related to the context of peri urban land use land transactions demand supply relationships and land prices in the peri urban land market The steep rise in land prices of the periphery rapid changes in land use patterns active land transactions growth of the real estate market and the challenge to implement efficient land use regulations are explored with the help of field evidence Insights and challenges to land administration addressed in this book are common to other metropolitan cities and the key message is that a separate peri urban land policy is required for the major metropolitan cities of India and other developing countries The book contributes to the understanding of how these spatial markets function in order to work towards an improved implementation of land policy in the context of dynamic rural urban periphery As such it will appeal to researchers scholars and students of regional urban and agricultural economics economic geography urban and regional planning and environmental science It will also be of great interest to city planners and policy makers action based think tanks focused on urban governance Sunbelt/Frostbelt Janet Rothenberg

Pack, 2005-03-02 Metropolitan growth and development results from a complex mix of factors Consumer preferences growth and geographical shifts in population increasing incomes market restructuring quality of schools and location of affordable housing are just a few that play a critical role Other important influences include state and local interactions historical circumstances and the natural topography of a metropolitan area Federal and state policies taken together set the rules of the development game that tend to facilitate economic decentralization the concentration of poverty and greater fiscal and racial disparities between communities In Sunbelt Frostbelt Janet Rothenberg Pack and her contributors examine the role of market forces and government policies in shaping growth and development patterns in major metropolitan areas The findings are a result of a multiyear project analyzing five different locales two sunbelt metro areas Los Angeles and Phoenix and three in northern climes Pittsburgh Chicago and Philadelphia Through its intensive study of these areas the book offers a deep understanding of the federal policies and diverse market forces that have affected urban development patterns in the last few decades Despite the diversity of the cities the contributors find remarkable similarities in the problems they face Urban sprawl and spatial inequality are among the common challenges attributable to market forces and public policies Despite the

many similarities the book finds important differences in the extent of the problems and recommends numerous policies for remedying them It concludes by examining how these different sunbelt and frostbelt metro areas have attempted to adopt policy reforms that address their unique growth challenges Contributors include a team of researchers from Arizona State University Peter Dreier Occidental College Robert E Gleeson Northern Illinois University Joseph Gyourko Univers

Pragmatic Internet of Everything (IOE) for Smart Cities: 360-Degree Perspective Satya Prakash Yadav,Sansar Singh Chauhan, Sanjeev Kumar Pippal, Victor Hugo C. De Albuquerque, 2023-10-13 Pragmatic Internet of Everything IOE has emerged as a powerful paradigm for representing and solving complex problems This reference demonstrates how to coordinate behaviour among a collection of semi autonomous problem solving agents how they can coordinate their knowledge goals and plans to act together to solve joint problems or to make individually or globally rational decisions in the face of uncertainty and multiple conflicting perspectives The book presents a collection of articles surveying several major recent developments in Pragmatic Internet of Everything IOE The book focuses on issues and challenges that arise in building IOE systems for smart cities in real world settings It also presents solutions to the issues faced by system architects The synthesis of recent thinking both theoretical and applied on major IOE problems makes this essential reading for anyone involved in the design and planning of IOT systems for smart cities Key Features Summarizes available literature and practical ventures with reference Merges different perspectives on IoT technology thereby giving a 360 degree perspective to the reader Gives some tips for implementation of practical ventures in this space Includes an analysis of information gathered from citizens of smart cities

Dynamics of Housing in East Asia Bertrand Renaud, Kyung-Hwan Kim, Man Cho, 2016-04-18 This book is the first to evaluate the organisation behaviour and performance of six major East Asian real estate markets It offers a unique analysis of the growth and transformation of the real estate sector across East Asia The authors examine the interactions between volatility in the sector and the overall stability of the economy in particular during the Asia financial crisis of 1997 98 and the global financial crisis of 2008 09 draws on the best available theoretical and empirical literature applies analytic tools in the context of East Asian institutions and policies helps understand factors affecting resilience and stability in East Asian real estate markets

Convergence of IoT, Blockchain, and Computational Intelligence in Smart Cities Rajendra Kumar, Vishal Jain, Leong Wai Yie, Sunantha Teyarachakul, 2023-12-12 This edited book presents an insight for modelling procuring and building the smart city plan using the Internet of Things IoT and a security framework using blockchain technology The applications of Li Fi and 5G in smart cities are included along with their implementation challenges and advantages This book focuses on the use of IoT and blockchain in the day to day transparent and recorded activities of citizens of smart cities like smart citizen management The future for upgrading the system as per technological advancements is also discussed This book integrates IoT blockchain Li Fi and 5G in smart city implementation covers smart supply chain management using IoT outlines the state of the art and sustainable implementation of smart cities

and practical challenges includes sustainable development of smart cities presents detailed explanation of case studies of smart cities of developed countries and developing countries and their comparisons This book is aimed at researchers and graduate students in Artificial Intelligence Urban Planning and Information Technology Systems and Management

Project Management Fabio Nonino, Alessandro Annarelli, Sergio Gerosa, Paola Mosca, Stefano Setti, 2018-09-18

Contemporary organizations are undertaking increasingly complex projects in globalized uncertain and dynamic environments Proliferation of international programs growing and challenging sophistication of technologies and of projects scope and the increasing number of stakeholders are only some of the factors that increase or generate project complexity Enhancing the understanding of what project complexity is and delineating the antecedents that increase or generate complexity can be fundamental steps towards the identification of drivers that cause complexity and consequences for project management performance The PMI Italian Academic Workshop organized in 20 21 September 2018 by Sapienza University of Rome and the three Italian Chapter of the Project Management Institute has been an event aimed at supporting participants to develop their researches to a further stage through in depth discussions on the topic of project complexity In collaboration with the PMI Italy Chapters

Governing Compact Cities Philipp Rode, 2018-01-26 Governing Compact Cities investigates how governments and other critical actors organise to enable compact urban growth combining higher urban densities mixed use and urban design quality with more walkable and public transport oriented urban development Philipp Rode draws on empirical evidence from London and Berlin to examine how urban policymakers professionals and stakeholders have worked across disciplinary silos geographic scales and different time horizons since the early 1990s

Handbook of Research on Ethnic Minority Entrepreneurship Leo Paul Dana, 2007 Professor Dana and his colleagues have carefully and successfully put together a collection of chapters on ethnic minority entrepreneurship from all parts of the world The book comprises eight parts and 49 chapters Undoubtedly given the massive size and content of a 835 page book it is fair to ask is it value for money The answer is unequivocally yes A further

comment on the content of the book should probably reassure potential readers and buyers of the book This collection is undoubtedly rich creative and varied in many respects Therefore it will be of great benefit to researchers and scholars alike I will strongly recommend this book to researchers students teachers and policy makers Aminu Mamman International Journal of Entrepreneurial Behaviour and Research The volume presents an impressive panorama of studies on ethnic entrepreneurs ranging from Dalits in India to Roma entrepreneurs in Hungary B P Corrie Choice From a focus on middle man minorities in the 1950s the study of minority ethnic entrepreneurship has evolved into a vast undertaking A major ingredient in this expansion is the massive population movements of the past thirty years that have created ethnic minority communities in almost all advanced economies From New York to San Francisco from Birmingham to Hamburg from the Chinese in Canada to the Turks in Finland to the Ghanians in South Africa to the Lebanese in New Zealand more than twenty chapters in this volume treat small scale ethnic entrepreneurship and the cultural and institutional resources which support it At the other end of the spectrum the ethnic Chinese have created ever larger multi divisional enterprises in the host societies of Southeast Asia At the mid point of the spectrum analyzed in an elegant paper by Ivan Light is the recently identified transmigrant entrepreneur acculturated in two societies but assimilated in neither whose special endowments have provided the lynchpin for for much of the international trade expansion in the global economy over the past decade And Dana and Morris provide us with much more Afro American entrepreneurship caste and class the theory of clubs women ethnic entrepreneurs minority ethnicity and IPOs In the quality of its contributions and in the reach of its coverage this Handbook attains a very high standard Peter Kilby Wesleyan University US The new Handbook of Research on Ethnic Minority Entrepreneurship edited by L o Paul Dana constitutes a major contribution to the literature on ethnic enterprise Unlike previous work which tended to focus on one country or one region of the world this book is global in scope You will find chapters on America Europe and Asia as well as integrative essays that review important principles and concepts from the literature on ethnic entrepreneurship I particularly appreciate the historical and evolutionary framework within which the contributions are situated This book belongs on the shelf of everyone who has an interest in immigration and entrepreneurship or ethnic entrepreneurship more generally Howard Aldrich University of North Carolina US This exhaustive interdisciplinary Handbook explores the phenomena of immigration and ethnic minority entrepreneurship in light of marked changes since the mid twentieth century and the advent of easier more affordable travel and more open and integrated national economies The international contributors key experts in their respective fields illustrate that myriad ethnic minorities exist across the globe and that their entrepreneurship can and does significantly influence national economies The contributors go on to promote our understanding of which factors make for successful entrepreneurship and perhaps more importantly how negative political consequences that members of successful entrepreneurial ethnic minorities might face can be minimized This extensive collection of current research on entrepr

Journal of Economic Literature

,1986 *International Handbook on the Economics of Integration* Miroslav N. Jovanović,2011-01-01 International Handbook on the Economics of Integration edited by Miroslav Jovanovi provides timely and rich academic contributions to considerations of the widest array of integration related issues European integration has been providing an inspiration to a number of academics and researchers the Handbook is a recognition of the dynamic and strong solidarity of European integration At the same time the European Union often provided an example for integration schemes throughout the world which spread enormously since the mid 1990s Leading experts from all continents contributed to this Handbook which will be a valuable input into academic and policy making discussions and actions Jos Manuel Barroso President of the European Commission Theoretical Foundations and Discussions on the Reformation Process in Local Governments Sadioglu, Ugur,Dede, Kadir,2016-06-01 Local government can be defined as a public entity acting as the sub unit of a state or of a region charged with the task of enforcing public policies There have been many reforms of local government in recent years from the grassroots led movement that took root in the 90 s to the overarching effects of globalization and decentralization Local governments must adapt their practices in order to most effectively provide for their constituents Theoretical Foundations and Discussions on the Reformation Process in Local Governments addresses the effects of recent reforms in the political administrative system of local governments and politics as well as future outlooks It reviews the challenges innovations and lessons from local governments while providing theoretical perspectives on methods for positive reform This book is a critical reference source for policy makers government organizations professionals and actors in both local and international politics *Transforming Urban Transport* Nicholas Low,2013 This work confronts head on the dilemma faced by a world wedded to mobility the danger of continuing along the fossil fuelled path and the real paucity of viable technological alternatives which can be deployed in time *Toward Sustainable Communities* Mark Roseland,2012-07-17 Helps citizens and their governments apply the concept of sustainable development in their communities Original
