Parted Not by Death J.E. Petersen,2016-12-23 Parted Not by Death is above all a love story It spans centuries of time based on the premise of reincarnation The two soul mates originally came here from another world Over the course of three lifetimes throughout history they searched for each other again at all costs Because nothing else matters Two alien beings soulmates are forced to flee their homeworld and come to live on Earth A remnant of their race follow in spaceships Over the following ages the soulmate lovers reincarnate here not know each other s identity You will find them in medieval times American colonists and finally in modern times Three other personalities are equally important in all the dramas which follow How do you find your other half true love if you don t recognize them At long last finally they are truly reunited Then a ship returns for the lovers with the offer of returning to the homeworld Will they go Or will they choose to stay on Earth with families and loved ones My story is a fantasy with elements of science fiction Or just perhaps it is based on truth

Imagining the World O. R. Dathorne, 1994-03-23 This is a study of the manner in which certain mythical notions of the world become accepted as fact Dathorne shows how particular European concepts such as El Dorado the Fountain of Youth a race of Amazons and monster including cannibal images were first associated with the Orient After the New World encounter they were repositioned to North and South America The book examines the way in which Arabs and Africans are conscripted into the view of the world and takes an unusual non Eurocentric viewpoint of how Africans journeyed to the New World and Europe participating in what may be considered an early stage of world exploration and discovery The study concludes by looking at European travel literature from the early journeys of St Brendan through the Viking voyages and up to Marco Polo and Sir John Mandeville In all these instances the encounters seem to justify mythical belief Dathorne's interest in the subject is both intellectual and passionate since coming from Guyana he was very much part of this malformed Weltschmerz

Tolkien for Beginners Louis Markos, 2022-09-23 Tolkien For Beginners will introduce the reader to the multilayered depth and breadth of Tolkien's tales of Middle earth what critics following Tolkien's lead refer to collectively as his legendarium J R R Tolkien sweeps us away to a distant time and place that is at the same time our own time and place He takes us to a world where difficult choices must be made and are made where character is defined by those choices and where redemption is possible though not always embraced The Lord of the Rings taps a deep root in the human psyche There is much death destruction and defeat

in Tolkien's world but there is even more friendship courage and hope What one remembers when one finishes reading The Lord of the Rings is not the vice of the villains as strong and as well drawn as it is but the virtue that empowers the heroes to resist it even at the cost of their own lives It will be the goal of Tolkien For Beginners to introduce the reader to the multilayered depth and breadth of Tolkien's tales of Middle earth To do justice to the full dimensions of that legendarium author Louis Markos will speak in two voices that of the storyteller who loves the stories he tells and that of the critic who seeks to identify and explicate key themes from those stories In his telling and analysis he will treat the legendarium both as a collection of secondary world myths with their own integrity and as a reflection of Tolkien's Catholic worldview PGT English Question Bank Chapterwise - for PGT Teachers Mocktime Publication, PGT English Question Bank Chapterwise for PGT Teachers
