Foundations of the Christian Faith Roger Weil, 2007-03-01 For teaching to be successful it must be continuous and systematic This is the way children learn in school Their teachers prepare a syllabus of lessons which take the children step by step through the different subjects they must study The teachers have to spend a lot of time preparing the lessons they will teach In this respect the school is more successful than the church Although there are obvious differences between the church and the school there are points of similarity too Both institutions exist to impart knowledge to their members and both want them to understand and benefit from what they hear and the information they are taught
