

Fox Alps

Fortunately the Fox Alps series of shocks are still decent performers today, and are a good option to run on older frames. However, they require regular maintenance, since, aside from cleaning, *the oil level is critical in the Alps*. Unfortunately, there is no one left who still works on them, and Fox can no longer supply parts or information for them.

This document specifically discusses the Alps 4r and 5r, and direct applicability to the 4 cannot be guaranteed.

This document is provided as is. Use at your own risk. The document may be distributed freely, but please do not edit it.
