

## HOW TO USE THE NOTES:

- Copy the pages with only questions for learners.
- Pages with questions and answer are given to learners by using a projector (I used a television).
- Learners write the answers in their books.
- If you do not have a projector, the pages can be copied; two per page, front to back. Learners write the answers from the copied pages.
- A booklet can be made from these pages, taken in after use to be used the next year again.

## LEARNER BOOKS:

- Start each new topic on a new page. It assists learners to focus on one set of questions and answers when learning.
- Leave a line open between answers.
- Ensure learners number answers properly.
- Use pictures where applicable to paste next to answers.
- Underline key concepts in a topic using one colour.

Give this page to learners to assist them to learn how to write the answers in their book.

## Grade Caps History Question Papers:

**Whose History Counts** June Bam, Lungisile Ntsebeza, Allan Zinn, 2018-11-29 Originally planned as a fact based book on the pre colonial history of the Eastern Cape in the true tradition of history this ground breaking book focuses on epistemological and foundational questions about the writing of history and whose history counts Whose History Counts challenges the very concept of pre colonial and explores methodologies on researching and writing history The reason for this dramatic change of focus is attributed in the introduction of the book to the student led rebellion that erupted following the RhodesMustFall campaign which started at the University of Cape Town on 9 March 2015 Key to the rebellion was the students opposition to what they dubbed colonial education and a clamour for among others a decolonised curriculum This book is a direct response to this clarion call *Blackie's [smaller] English classics. [1- ]. Blackie & Son, 1896* **From GCSEs to EBCs** Great Britain. Parliament. House of Commons. Education Committee, 2013 The Government's plans for replacing GCSEs with new English Baccalaureate Certificates in some subjects is trying to do too much too fast Introducing several fundamental changes at the same time and to a tight timetable will jeopardise the quality of the reforms and may threaten the stability of the wider exam system GCSEs need significant improvements in order to restore public confidence in the exam system but the Government still needs to make the case that the GCSE brand is so discredited that it is beyond repair MPs are also concerned about the impact of the changes on subjects outside the English Baccalaureate where students will be taking GCSEs for some time to come according to the Government's plans The report also questions how well the Government's proposals will serve lower attaining pupils who are often the most disadvantaged There is no evidence that the proposed changes will help to tackle under achievement or narrow the attainment gap between the richest and poorest students any more effectively than GCSEs The Government is also called upon to re think its plans for a Statement of Achievement specifically for lower attaining pupils MPs agree that changes are needed to the way in which exams are run but they raise serious concerns about franchising subjects to exam boards The report is critical of the Government's decision to abolish some GCSEs before publishing the outcomes of the National Curriculum Review and its proposed changes to the school accountability system MPs also note the wide ranging stakeholder opposition to many of the Government's proposals
