[Steps to a Better Life and Relationship](#) Anthony Ekanem,2016-08-03 Everyone has a legitimate desire to have a better life Having a better life could mean different things to different people What a man considers to be a better life may be different from what a woman considers to be a better Also what a young person considers a better life would be different from what an older person considers a better life For a young person in their 20s better life could mean having many materials things car house clothes money etc which they believe would make them happy For older people a better life for them would be living their dream with lots of passion lots of laughter and love which of course brings happiness to them Not a material thing in sight Even though our definition of what a better life is can change over the years the steps we take to how we can attain that better life doesn t really change As Elbert Hubbard said a sculptor creates the beautiful statue through a process of chipping away the parts of the marble that are not needed This process of elimination is what we need to take on board as we try to eliminate those things that we do which prevent us from attaining a better life for ourselves No matter your age or gender and whatever better life means to you you can attain that legitimate desire by chipping away those parts of your life that are not needed Also if you do want to create change in your life get clear on the

definition of what a better life is for YOU This will help you identify the key things that you need to STOP DOING so that you can have a better life

Being in a love relationship is easy especially in the beginning. The challenge is finding the right person who fits perfectly in your life and understands you. This challenge facing many relationships can be overcome starting with a change of one's perspective about relationships on a personal level. Nate Imoniruwe provides practical wisdom and insight coupled with experiential and biblical principles to help you understand how to build a meaningful and healthy relationship. **How to Save Your Marriage When Trust Is Broken: Discover 10 Simple Steps to Turn Your Broken Trust Into a Happy Marriage** Kate Homily, 2022-11-18 Uncover the hidden secrets to long-lasting love and intimacy. You opened up your heart and gave it your all, raw, exposed, and completely vulnerable. This time it was worth it; this time it was for everything. But then the trust was broken, and now you're wondering if things will ever be the same again. I mean, how could they be right? You trusted them. This is a common theme among relationships, and although avoidable, it happens. To maintain unwavering and full trust in another over a lifetime of relationship requires effort and commitment. The good news is even if the trust has been broken, this same effort and commitment can restore everything and can even enhance the bonds of love and intimacy. Did you know that over 20% of couples who have experienced broken trust repair their relationship and move forward into unconditional love? A number that would be even higher if the same study hadn't shown that in 55% of such occurrences, one individual immediately gave up on their significant other. Maybe your partner cheated on you with someone else. Maybe they repeatedly fail to listen to your wants and desires, or maybe they did something that directly went against everything the two of you had previously agreed upon. Whatever the case may be, it is possible to move past this moment and into a new paradigm of happiness and love. In *How To Save Your Marriage When Trust Is Broken*, you'll discover the most important 1st step in building any relationship. Insight from more than 15 couples who have repaired the trust in their relationship. The most common trends among failing relationships and how to avoid them. Expert insight on how to love yourself and why it's so important for your relationships. A play-by-play guide to truly understanding your spouse's point of view. The 5 most important things to avoid in order to maintain a long-lasting relationship. What unconditional love is and how it will change your life forever and so much more. Even the most uncertain of times can turn out in favor of something better, something more. It is often true that the darkest moments of our life become our greatest teachers, and love is no different. All relationships come with energy and effort requirements, and as it is true with all aspects of life, things don't always go as planned. It is up to us to

embrace the flow of life's river and to choose love and understanding even in the face of adversity. For this to be so, trust must not only be cultivated but actively maintained.
