Present Shock Douglas Rushkoff,2014-02-25 People spent the twentieth century obsessed with the future We created technologies that would help connect us faster gather news map the planet and compile knowledge We strove for an instantaneous network where time and space could be compressed Well the future s arrived We live in a continuous now enabled by Twitter email and a so called real time technological shift Yet this now is an elusive goal that we can never quite reach And the dissonance between our digital selves and our analog bodies has thrown us into a new state of anxiety present shock

Networks Rising Christopher Burns,2022-09-06 For the second time in human history we are on the verge of broad new breakthroughs in health productivity and personal freedom And many to many networks are the reason In business government and war information is no longer the privilege of a powerful few Now everyone knows what anyone knows and we are applying that diversity of experience and perspective to expand the frontiers of our lives We are starting to think together The age of hierarchical organizations has ended Social media networks online forums and guerilla broadcasting are connecting us in communities with fewer bureaucratic layers In swarms walkouts strikes and insurrections

people are sharing experience directly in real time marching together into the public square and demanding a greater voice in the new democracy Networks Rising is the colorful story of unsung technology wizards waving us on of philosophers struggling to free us from the dictates of church and state and of sociologists futurists and even science fiction writers offering dozens of new schemes for living in a more connected world Information and Communication Technologies for Ageing Well and e-Health Martina Ziefle,Leszek A. Maciaszek,2020-07-07 This book constitutes the revised selected and extended papers of the 5th International Conference on Communication Technologies for Ageing Well and e Health ICT4AWE 2019 held in Heraklion Crete Greece in May 2019 The 9 full papers presented were carefully reviewed and selected from 52 submissions The papers aim at contributing to the understanding of relevant trends of current research on ICT for Ageing Well and eHealth including the ambient assisted living Too Big to Know David Weinberger,2014-01-07 If anyone knows anything about the web where it's been and where it's going it's David Weinberger Too Big To Know is an optimistic if not somewhat cautionary tale of the information explosion Steven Rosenbaum Forbes With the advent of the Internet and the limitless information it contains we're less sure about what we know who knows what or even what it means to know at all And yet human knowledge has recently grown in previously unimaginable ways and in inconceivable directions In Too Big to Know David Weinberger explains that rather than a systemic collapse the Internet era represents a fundamental change in the methods we have for understanding the world around us With examples from history politics business philosophy and science Too Big to Know describes how the very foundations of knowledge have been overturned and what this revolution means for our future
