The Fundamentals of Public Personnel Management J. Cheminais, G. Van der Waldt, M. S. Bayat, W. Fox, 1998 Government and those executing its policies face the daunting task of delivering essential services to a dispossessed and hugely disadvantaged electorate The authors of The Fundamentals of Public Personnel Management argue that although the state controls a wide range of limited resources only the effective management and judicious administration of its primary asset its personnel will allow it to translate physical financial material and technological resources into synergistic founts of national well being Trained and motivated public employees schooled in the ethics of their profession are essential to transforming inanimate structures and resources into people oriented dispensers of sustainable service delivery **Supply Chain**Management and Logistics in Construction Greger Lundesjö, 2015-06-03 The construction logistics manager plays an increasingly central role in the construction process In fact their decisions can crucially affect the success or failure of a project Recognition of the critical role they play has spurred evermore interest in this budding field amongst both

researchers and practitioners An accessible text on construction logistics Supply Chain Management and Logistics in Construction provides essential guidance and expert advice for construction managers as well as researchers and students in the field This important new title looks at arrangements with suppliers the use of returnable packaging and off site manufacture and assembly IT systems used to manage the supply chain and logistics operations such as delivery management systems warehouse management systems and material planning and forecasting systems It also considers aspects of the contractual relationships between client developer main contractor and lower tier contractors all of which have an impact on how the supply chain is managed In addition to providing a range of fresh ground breaking case studies the book features contributions from leading experts in the field who have been involved in projects with companies such as TFL BAA The Red Cross as well as big construction programmes such as the Olympics and Cross Rail of Tourism Mary Mostafanezhad, Roger Norum, Eric J. Shelton, Anna Thompson-Carr, 2016-01-08 Why has political ecology been assigned so little attention in tourism studies despite its broad and critical interrogation of environment and politics As the first full length treatment of a political ecology of tourism the collection addresses this lacuna and calls for the further establishment of this emerging interdisciplinary subfield Drawing on recent trends in geography anthropology and environmental and tourism studies Political Ecology of Tourism Communities Power and the Environment employs a political ecology approach to the analysis of tourism through three interrelated themes Communities and Power Conservation and Control and Development and Conflict While geographically broad in scope with chapters that span Central and South America to Africa and South Southeast and East Asia to Europe and Greenland the collection illustrates how tourism related environmental challenges are shared across prodigious geographical distances while also attending to the nuanced ways they materialize in local contexts and therefore demand the historically situated place based and multi scalar approach of political ecology This collection advances our understanding of the role of political economic and environmental concerns in tourism practice It offers readers a political ecology framework from which to address tourism related issues and themes such as development identity politics environmental subjectivities environmental degradation land and resources conflict and indigenous ecologies Finally the collection is bookended by a pair of essays from two of the most distinguished scholars working in the subfield Rosaleen Duffy foreword and James Igoe afterword This collection will be valuable reading for scholars and practitioners alike who share a critical interest in the intersection of tourism politics and the environment
