**Modern Asynchronous JavaScript** Faraz K. Kelhini, 2021-12-17 JavaScript today must interact with data intensive APIs and networks The solution is a program that can work asynchronously instead of finishing tasks in order In modern JavaScript instead of callbacks you will

use promises to improve your application's performance and responsiveness JavaScript features introduced in ES2020 ES2021 and ESNext like Promise.allSettled Promise.any and top level await help you develop small fast low profile applications With the AbortController API cancel a pending async request before it has completed Modern Asynchronous JavaScript gives you an arsenal of tools to build programs that always respond to user requests recover quickly from difficult conditions and deliver maximum performance Applications today must work with information on remote servers and users expect a quick response to complex interactions at all times whether on a high speed 5G cellular network or slow public WiFi JavaScript provides developers with advanced tools to coordinate the asynchronous parts of their code efficiently and deliver responsive programs Faster applications equal happier users which is the promise of asynchronous JavaScript With Modern Asynchronous JavaScript you'll learn techniques for managing your async code Features like ES2021 Promise.any allow you to safeguard your async code from external issues that are out of your control like server downtime You'll discover secret weapons like top level await to initialize resources define dependency paths dynamically and load dependencies with a fallback implementation You'll even learn how to set a time limit for async requests and react if they take too long to complete Fast reliable applications are a must in today's world where users demand increasingly greater amounts of data on mobile devices Asynchronous programming may require more cautious planning than synchronous programming but the outcome is rewarding Asynchronous JavaScript allows you to write code that is nimble but reliable leading to programs that load faster respond quicker and most importantly that you can trust to function properly What You Need You'll need an intermediate level of JavaScript programming skills and a browser that supports features from ES2020 ES2021 and ESNext
