Related Party Transactions and Corporate Groups Ivan Romashchenko, 2020-03-06 In a market environment where economic actors conduct themselves as diligent and conscientious managers the regulation of related party transactions RPTs would be largely irrelevant Unfortunately the corporate reality is far from an ideal world that is innocent of market abuse and corporate fraud It remains necessary to protect minority shareholders from the wrongdoings of majority shareholders and to protect all shareholders from opportunistic managerial behaviour This timely book the first on the subject since implementation of the European Union s EU s revised Shareholders Rights Directive provides in depth analysis of how and to
