Judge Me Not English Edition:

The English Version of the Polyglott Bible, 1843 *René Descartes: The Complete Correspondence in English Translation, Volume I*, 2024-09-21

René Descartes' *The Complete Correspondence in English Translation* is the first complete English translation of the extant correspondence of the polymath René Descartes who excelled in all areas of philosophy, the sciences, and mathematics. The translation is based on the best available editions, modified by several other sources. It is accompanied by an editorial apparatus consisting of cross references and brief biographies of the correspondents. Descartes' correspondence elaborates his views, providing a crucial resource for students, teachers, and scholars in philosophy, history of philosophy, and history of science and mathematics. Volume I presents correspondence from the period 1619 to 1638. The letters begin with exchanges between Descartes and the physico-mathematician Isaac Beeckman, the essayist Guez de Balzac, the lens maker Jean Ferrier, and Descartes' future primary correspondent Marin Mersenne. It includes letters to high-ranking Oratorians. One can also see the beginnings of Descartes' relations with Constantijn Huygens, who will be Descartes' other chief correspondent. One can also trace the developments of Descartes' early unpublished works on metaphysics, physics, and human biology, together with his reaction to the condemnation of Galileo by the Catholic Church. The letters show developments in Descartes' construction and publication of the *Discourse on Method*, together with the essays *Dioptrics*, *Meteors*, and *Geometry*. This results in an explosion of letters from and to various critics such as the professor of medicine Vopiscus Fortunatus Plemp, the astrologer Jean Baptiste Morin, the mathematicians Pierre Petit, Gilles Personne de Roberval, Pierre de Fermat, and many others.

The Complete Dead Sea Scrolls in English, Geza Vermes, 2012-06-26

A newly updated edition of the landmark translation by one of our greatest religious scholars. Since its publication in 1962, esteemed biblical expert Geza Vermes's translation of the Dead Sea Scrolls has established itself as the authoritative standard. The original manuscripts discovered in the Judean Desert between 1947 and 1956 completely transformed our understanding of the Hebrew Bible, early Judaism, and the origin of Christianity. Now in its seventh edition, *The Complete Dead Sea Scrolls in English* has been updated with a number of previously unpublished texts, as well as extensive new introductory material and notes. Some sixty years after the Scrolls' discovery, this revised and expanded volume crowns a lifetime of research by Vermes. For more than sixty-five years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,500 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.
