SharePoint User's Guide Infusion Development Corp. (Infusion Development Corporation),2005-03-08 There s nothing like teamwork for making progress on a project but sharing information and building on each other s successes can be challenging when your team is scattered across the miles Microsoft s SharePoint helps teams and organizations close the distance With SharePoint groups construct web sites specifically for collaboration sites where individuals can capture and share ideas and work together on documents tasks contacts and events It s the next best thing to being in the room together Unfortunately much of the documentation for SharePoint is written to help system administrators get it up and running which often leaves end users in the dark The SharePoint User s Guide takes another approach this quick and easy guide shows you what you need to know to start using SharePoint effectively and how to get the most from it You ll learn how to create sites that your organization can use to work together or independently from an end user s point of view Now even beginners can learn how to access sites that are already set up create new sites personalize sites use the document and picture libraries for adding and editing content add discussion boards and surveys to a site enhance security You ll learn how you can receive alerts to tell you when existing documents and information have been changed or when new information or documents have been added You can even share select information with partners or customers outside your organization No one that uses SharePoint collaboration services can afford to be without this handy book The SharePoint User s Guide is designed to help you find answers quickly explaining key concepts and major points in straightforward language With SharePoint any team or organization can overcome geographic or time zone challenges and the SharePoint User s Guide will show them how

**Office and SharePoint 2007 User's Guide** Michael Antonovich,2008-07-06 Web sites Collaboration Document management Paperless offices We want it all in business today but how do you achieve all of these goals More importantly if you work for one of the millions of small to medium sized businesses how do you find the time and build the expertise necessary to reach these goals Even the most powerful tool will not allow you to succeed unless you can get the majority of your staff to use it efficiently and effectively You need a guide that demonstrates a platform small to medium sized businesses can use to reach these goals Office and SharePoint 2007 User s Guide Integrating SharePoint with Excel Outlook Access and Word demystifies the path every Microsoft Office user can follow to benefit from the synergism of tools they are already familiar with Together with SharePoint 2007 users can achieve goals like web sites with a consistent single view improved collaboration within their organization better document management and maybe even get one step closer to the paperless office we ve been promised for years This book has topics for Office users of all skill levels from those just starting to use Office tools to the experienced power user It examines each major Office tool and shows how it contributes to the support and use of SharePoint in today s increasingly electronic based office environment
