Question 1-2 : Read the following extract and answer the given questions :

Baseball began in the United States in the early 1800s. Some people believe that Abner Doublois invented the game. Others think that baseball came from an old British game called rounders. Baseball and rounders are very similar. However in rounders, the field players throw the ball right at the runner. If the ball hits the runner, he or she is out. In baseball, a field player just touches the ball to the base or the running player to get the player out.

Today's baseball players use special equipments to help to prevent injuries. Field players wear baseball gloves to protect their hands. The catcher wears a metal mask, a chest protector and shin guards. Batters wear plastic helmets to protect their heads.

Every spring in the United States, people of all ages play baseball at local baseball fields. It's no wonder that baseball is called the national past time of the United States.
