Rather than taking words directly from a dictionary and studying them, SAT Words from Literature presents vocabulary words that are found in classic literature in their original context. In this way, you will get a clear understanding of what the word can do in a sentence, what it might mean, and how it is used. Each vocabulary word is highlighted in the text and also reproduced in bold on the facing page, followed by the part of speech as it is used in the book, the pronunciation, an appropriate definition, and a synonym or antonym if applicable. Exercises that test your understanding of the vocabulary words are included at the end of the book. To make the exercises more manageable, words are arranged by chapters or sections so that there are not too many words in any one group. We hope that your understanding of vocabulary is increased and that your score on the SAT will be improved by using this book. *Scarlet Letter, The: Spotlight Edition* Nathaniel Hawthorne, 2004 An annotated adaptation of a Hawthorne classic.
