*Demonstrating Student Mastery with Digital Badges and Portfolios* David Niguidula, 2019-01-14 In *Demonstrating Student Mastery with Digital Badges and Portfolios* David

Niguidula shows how students can meet standards and express their individuality through digital badges and portfolios Building off an essential question What do schools want their students to know and be able to do he then shows how schools can implement a proficiency based approach to student learning that has been successfully field tested in districts across the United States In manageable steps readers are guided through the implementation process Niguidula shows readers how to Connect standards to badges Create portfolio worthy tasks Develop common rubrics and a common understanding of what work is considered good enough Guide students in curating the elements of their portfolios Promote authentic student reflection on their work Replete with real life examples this book is essential reading for principals who want to take their schools to the next level and for teachers who want a refreshing and sensible approach to assessment **New Formulas for America's Workforce** ,2003 James Still Carol Boggess,2017-10-27 James Still 1906 2001 first achieved national recognition in the 1930s as a poet and he remains one of the most beloved and important writers in Appalachian literature Though he is best known for the seminal novel River of Earth which Time magazine called a work of art and which is often compared to John Steinbeck s The Grapes of Wrath as a poignant literary exploration of the Great Depression Still is also recognized as a significant writer of short fiction His stories were frequently published in outlets such as the Atlantic and the Saturday Evening Post and won numerous awards including the O Henry Memorial Prize In the definitive biography of the man known as the dean of Appalachian literature Carol Boggess offers a detailed portrait of Still Despite his notable output and importance as a mentor to generations of young writers Still was extremely private preferring a quiet existence in a century old log house between the waters of Wolfpen Creek and Dead Mare Branch in Knott County Kentucky Boggess who befriended the author in the last decade of his life draws on correspondence journal entries numerous interviews with Still and his family and extensive archival research to illuminate his somewhat mysterious personal life James Still A Life explores every period of Still s life from his childhood in Alabama through the years he spent supporting himself in various odd jobs while trying to build his literary career to the decades he spent fostering other talents This long overdue biography not only offers an important perspective on the author s work and art but also celebrates the legacy of a man who succeeded in becoming a legend in his own lifetime *Resources in Education* ,1997 **The Art of Teaching Children** Phillip Done,2023-07-18 An essential guide for teachers and parents that s destined to become a classic The Art of Teaching Children is one of those rare and masterful books that not only defines a craft but offers a magical reading experience After more than thirty years in the classroom award winning teacher Phillip Done decided that it was time to retire But a teacher s job is never truly finished and he set out to write the greatest lesson of his career a book for educators and parents that would pass along everything he learned about working with kids From the first day of school jitters to the last day s tears Done writes about the teacher s craft classrooms and curriculums the challenges of the profession and the reason all teachers do it the children Drawing upon decades of experience Done shares time tested tips and sage advice Real learning is

messy not linear Greeting kids in the morning as they enter the classroom is an important part of the school day If a student is having trouble look at what you can do differently before pointing the finger at the child Ask yourself Would I want to be a student in my class When children watch you they are learning how to be people and one of the most important things we can do for our students is to model the kind of people we would like them to be Done tackles topics you won't find in any other teaching book including Back to School Night nerves teacher pride the Sunday Blues Pinterest envy teacher guilt and the things they never warn you about in teacher school but should like how to survive recess duty field trips and lunch supervision Done also addresses some of the most important issues schools face today bullying excessive screen time the system's obsession with testing teacher burnout and the ever increasing demands of meeting the diverse learning needs of students But The Art of Teaching Children is more than a guide to educating today's young learners These pages are alive with inspiration humor and tales of humanity Done welcomes us like visitors at Open House Night to the world of elementary school where we witness lessons that go well and others that flop periods that run smoothly and ones that go haywire when a bee flies into the room We meet master teachers and new ones librarians and lunch supervisors principals and parents some with too much time on their hands We get to know kids who want to hold a ball and those who'd rather hold a marker students with difficult home lives and children with disabilities youngsters who need drawing out and those who happily announce in the middle of a math lesson that they have a loose tooth With great wit and wisdom irresistible storytelling and boundless compassion The Art of Teaching Children is the new educator's bible for teachers parents and all who work with kids and care about their learning and success
