**Mastering Flash Made Easy** TeachUcomp, Incorporated,2006-04 *Flash 8: Projects for Learning Animation and Interactivity* Rich Shupe,Robert Hoekman, Jr.,2006-03-28 Macromedia Flash is fast becoming the Web s most widely used platform for creating rich media with animation and motion graphics but mastering Flash isn t easy Most entry level books teach through simple examples that concentrate on either animation or scripting but rarely both together To get the most from Flash 8 you not only need to be proficient in programming interface design you need the creativity for story telling and the artistic insights to design fluid animation Flash 8 Projects for Learning Animation and Interactivity teaches Flash design rather than simply Flash itself With a standalone series of walkthroughs and tutorials for Flash beginners coming from a graphics field this book teaches Flash in the context of real world projects Rather than learn a Flash tool for the sake of it you learn which areas of Flash are important and which are less used simply by seeing how typical content is actually created And rather than a text heavy approach this graphically rich book leads you through hands on examples by illustration Each project in the book starts with goals and broad sketches before moving to design and scripting This helps you understand design intent the why of the process rather than just learning the interfaces and the how of it all Along the way you ll create

Flash content that includes traditional animation techniques as seen in full length animated features and ActionScript based interactive animation such as custom web site interface designs You also learn how to combine both traditional animation techniques and ActionScript to create feature rich Flash assets from the ground up Co authored by educational developers with years of experience creating compelling content interfaces and applications Flash 8 Projects for Learning Animation and Interactivity offers a content driven approach that is also inspiration driven You learn because you re accomplishing something tangible not because you think you need to know how a tool works If you want to understand how various features of Flash come together to create a final end design this book provides you with both the insight and the know how *Flash 8: The Missing Manual* E. A. Vander Veer,2006-03-22 Macromedia s Flash 8 is the world s premier program for adding animation to websites And with the latest version this popular program becomes more versatile letting beginning webmasters and expert developers alike create sophisticated web content But Flash isn t intuitive And it doesn t come with a manual Whether you want to learn the basics or unleash the program s true power Flash 8 The Missing Manual is the ideal instructor This hands on guide to today s hottest web design tool is aimed at nondevelopers and it teaches you how to translate your ideas into great web content It begins with a solid primer on animation which helps you get comfortable with the Flash interface Once you have these basics under your belt Flash 8 The Missing Manual moves on to advanced animations including adding special effects and audio video and interactivity to your presentations When you re really feeling steady the book shows how to use a dollop of ActionScript to customize your content It then teaches you how to publish your Flash creations for web surfers everywhere to enjoy Along the way the book shows you good design principles and helps you avoid elements that can distract or annoy an audience Author Emily Vander Veer has more than a dozen books to her credit including titles on web design and scripting most written for non technical readers Her background makes her the perfect author for a straightforward book on a complex subject She takes Flash 8 The Missing Manual from the basics to the advanced yet avoids a hasty jump into tough topics that can leave readers confused Not only will Flash 8 The Missing Manual help you turn a concept into unique dynamic content but it will continue to serve as a reference as you develop your website
