The procedure you follow for installing the printer to a wireless network depends on whether the network communicates through an infrastructure mode or through an ad-hoc mode. You can find procedures for installing the printer to a wireless network in the HP LaserJet 1320nw printer Wireless Start guide that was packaged with the printer. For more information about infrastructure and ad-hoc networks, see [Wireless networking basics](#).

For maximum efficiency, HP recommends the printer be connected to a network that uses the infrastructure communication mode.

Note

The printer cannot be connected to a wired and wireless network at the same time.
