Recruitment and Selection

Recruitment refers to the process of identifying, attracting, and screening potential employees to fill job vacancies. Selection involves assessing and hiring candidates who are the best fit for open positions.

Key issues in recruitment and selection at TechCo include:

- Difficulty attracting software developers due to competitive labor market
- High turnover among customer support representatives
- Lack of diversity among leadership and technical roles
- Ineffective or biased selection practices lowering quality of hires

TechCo needs to focus on building its talent brand, expanding recruitment channels, using standardized and objective selection tools, and prioritizing diversity to hire the best talent.
