Researching Cybercrimes Anita Lavorgna, Thomas J. Holt, 2021-07-29

This edited book promotes and facilitates cybercrime research by providing a cutting edge collection of perspectives on the critical usage of online data across platforms as well as the implementation of both traditional and innovative analysis methods The accessibility variety and wealth of data available online presents substantial opportunities for researchers from different disciplines to study cybercrimes and more generally human behavior in cyberspace The unique and dynamic characteristics of cyberspace often demand cross disciplinary and cross national research endeavors but disciplinary cultural and legal differences can hinder the ability of researchers to collaborate This work also provides a review of the ethics associated with the use of online data sources across the globe The authors are drawn from multiple disciplines and nations providing unique insights into the value and challenges evident in online data use for cybercrime scholarship It is a key text for researchers at the upper undergraduate level and above

Political Islam and Global Media Noha Mellor, Khalil

Rinnawi, 2016-06-10 The development of new and social networking sites as well as the growth of transnational Arab television has triggered a debate about the rise in transnational political and religious identification as individuals and groups negotiate this new triad of media religion and culture This book examines the implications of new media on the rise of political Islam and on Islamic religious identity in the Arab Middle East and North Africa as well as among Muslim Arab Diasporas Undoubtedly the process of globalization especially in the field of media and ICTs challenges the cultural and religious systems particularly in terms of identity formation Across the world Arab Muslims have embraced new media not

only as a source of information but also as a source of guidance and fatwas thereby transforming Muslim practices and rituals This volume brings together chapters from a range of specialists working in the field presenting a variety of case studies on new media identity formation and political Islam in Muslim communities both within and beyond the MENA region Offering new insight into the influence of media exposure on national political and cultural boundaries of the Islamic identity this book is a valuable resource for students and scholars of Middle Eastern politics specifically political Islam and political communication

Social Research: Issues, Methods and Process Tim May, Beth Perry, 2022-06-20 In this era of bountiful visual qualitative and informationalised knowledge of the social world a conscientious guide to social research is ever more valuable this is a knowledgeably written highly engaging and genuinely interesting book Dr Pamela Odih BSoc Sc PhD Senior Lecturer Goldsmiths University of London UK A timely focus on intersectionality decoloniality as well as digital participatory collaborative methods and the relationship between knowledge power and action are all compelling new additions Anastasia Christou Associate Professor of Sociology Middlesex University UK This is the best kind of companion for social researchers a clear concise and practical overview of the foundations of the field grounded in critical reflection about ethics and power and skilfully assembled to both support and inspire Dr Oliver Escobar Senior Lecturer University of Edinburgh UK The longevity of May and Perry's Social Research is richly deserved combining a sophisticated approach to the unity of theory method and context with clarity and approachability Malcolm Williams Professor and Co Director of the Q Step Centre Cardiff University UK Equally valuable for the newcomer and the experienced researcher the book is elegantly structured and beautifully written as is always the case with May and Perry's work Davydd J Greenwood Goldwin Smith Professor of Anthropology Emeritus Cornell University USA Corresponding Member Spanish Royal Academy of Moral and Political Sciences Fully revised and updated Social Research Issues Methods and Process 5th edition bridges the gap between theory and methods in social research and clearly illuminates these essential components for understanding the dynamics of social relations The book is divided into three parts Part One examines the issues and perspectives in social research Part Two discusses the methods and Part Three is devoted to reflections on the process of research Updates to this edition include Two new chapters on working across boundaries and digital research reflecting critical developments that are shaping the landscape of social research Broadening consideration of issues including intersectionality and de colonial research methods along with the relationship between knowledge power and action Revised Discuss Discover Do sections with expanded suggestions for follow on activities Carefully integrated reflections and lessons learned from the COVID 19 pandemic throughout to draw attention to critical issues The authors aim to support and inspire with a clear and accessible writing style that enables students to identify the key issues in social research and how to successfully navigate them Social Research 5e is the ideal companion to social research for students across the social sciences and for academics and practitioners wishing to remain well informed on key developments in the field Beth Perry is Professor of Urban Knowledge

and Governance and Director of the Urban Institute at the University of Sheffield UK Tim May is a Professorial Fellow at the University of Sheffield UK and an Honorary Distinguished Professor at the University of Cardiff UK **Firebrand Waves of**

Digital Activism 1994-2014 Athina Karatzogianni, 2015-09-01 This book introduces four waves of upsurge in digital activism and cyberconflict The rise of digital activism started in 1994 was transformed by the events of 9 11 culminated in 2011 with the Arab Spring uprisings and entered a transformative phase of control and mainstreaming since 2013 with the Snowden affair **Telling the EU's Story by Others** Yifan Yang, 2019-09-25 China is one of the first few non EU member states to be covered by the Jean Monnet Programme By studying its implementation in China through interviews with EU officials Chinese professors and college students who were and are involved in the program Telling the EU s Story by Others The Jean Monnet Programme and European Union Public Diplomacy enables a better understanding of why and how it works in the Chinese context Furthermore this book on the role of the Jean Monnet Programme in EU public diplomacy adds first hand empirical material to the existing literature on public diplomacy implementation through educational programmes

Digital Indonesia Edwin Jurriens, 2018-02-14 This book places Indonesia at the forefront of the global debate about the impact of disruptive digital technologies Digital technology is fast becoming the core of life work culture and identity Yet while the number of Indonesians using the Internet has followed the upward global trend some groups e the poor the elderly women the less well educated people living in remote communities are disadvantaged This interdisciplinary collection of essays by leading researchers and scholars as well as e governance and e commerce insiders examines the impact of digitalisation on the media industry governance commerce informal sector employment education cybercrime terrorism religion artistic and cultural expression and much more It presents groundbreaking analysis of the impact of digitalisation in one of the world s most diverse geographically vast nations In weighing arguments about the opportunities and challenges presented by digitalisation it puts the very idea of a technological revolution into critical perspective Invocational Media Chris Chesher, 2023-10-19 Invocational Media critiques the sociotechnical power of digital technologies by introducing the concept of invocational media What is an invocation Ask your voice assistant and it will define it for you It is a media artefact that responds to many invocations such as seeking the weather forecast requesting any song you can name or turning on the lights almost magically This contemporary manifestation of the ancient practice of invocation gives an immediate response to your call in a way that Chris Chesher argues is the characteristic power of all computers which he redefines as invocational media This book challenges the foundations of computer science by offering invocation as a powerful new way of conceptualising digital technologies Drawing on media philosophy Deleuze Guattari Heidegger Latour Austin Innis and McLuhan it critiques the representationalism of data processing artificial intelligence and virtual reality Invocational media seem to empower individuals but necessarily subject users to corporate and government monopolies of invocation They offer many solutions but only by reducing everything to the same kind of act They complicate agency in their indifference as to

whether invokers are human or non human With robotics they invoke material form to act physically and autonomously People willingly make themselves invocable to surveillance and control by creating their own profiles and marking themselves with biometrics This ground breaking book will change how you think about digital media by showing they are in fact invocational media The Oxford Handbook of Digital Technologies and Mental Health Marc N. Potenza, Kyle Faust, David Faust, 2020-08-17 Digital technology use whether on smartphones tablets laptops or other devices is prevalent across cultures Certain types and patterns of digital technology use have been associated with mental health concerns but these technologies also have the potential to improve mental health through the gathering of information by targeting interventions and through delivery of care to remote areas The Oxford Handbook of Digital Technologies and Mental Health provides a comprehensive and authoritative review of the relationships between mental health and digital technology use including how such technologies may be harnessed to improve mental health Understanding the positive and negative correlates of the use of digital technologies has significant personal and public health implications and as such this volume explores in unparalleled depth the historical and cultural contexts in which technology use has evolved conceptual issues surrounding digital technologies potential positive and potential negative impacts of such use treatment assessment and legal considerations around digital technologies and mental health technology use in specific populations the use of digital technologies to treat psychosocial disorders and the treatment of problematic internet use and gaming With chapters contributed by leading scientists from around the world this Handbook will be of interest to those in medical and university settings students and clinicians and policymakers **The Routledge Companion to Global Internet Histories** Gerard Goggin, Mark McLelland, 2017-02-17 The Routledge Companion to Global Internet Histories brings together research on the diverse Internet histories that have evolved in different regions language cultures and social contexts across the globe While the Internet is now in its fifth decade the understanding and formulation of its histories outside of an anglophone framework is still very much in its infancy From Tunisia to Taiwan this volume emphasizes the importance of understanding and formulating Internet histories outside of the anglophone case studies and theoretical paradigms that have thus far dominated academic scholarship on Internet history Interdisciplinary in scope the collection offers a variety of historical lenses on the development of the Internet as a new communication technology seen in the context of older technologies as a new form of sociality read alongside previous technologically mediated means of relating and as a new media vehicle for the communication of content *Internet of Things Analytics and Its Applications* Dr Sudha M, 2024-04-13 In this smart digital era the need for process automation has become an essential requirement in our day to day activities The use of existing smart sensors devices and internet connected things is an ever growing scenario Incorporating cost effective methods for connecting and coordinating these smart things is very useful to accomplish cost effective automation that could enhance real time activities IoT has been realized as a cost effective solution in home automation farm monitoring and other fields as

well **Introducing Cultural Studies** Brian Longhurst, Greg Smith, Gaynor Bagnall, Garry Crawford, Miles Ogborn, 2016-11-10 This updated new edition of *Introducing Cultural Studies* provides a systematic and comprehensible introduction to the concepts, debates and latest research in the field. Reinforcing the interdisciplinary nature of Cultural Studies, the authors first guide the reader through cultural theory before branching out to examine different dimensions of culture in detail, including globalisation, the body, geography, fashion and politics. Incorporating new scholarship and international examples, this new edition includes New and improved Defining Concepts, Key Influences, Example and Spotlight features that probe deeper into the most significant ideas, theorists and examples, ensuring you obtain an in-depth understanding of the subject. A brand new companion website featuring a flashcard glossary, web links, discussion and essay questions to stimulate independent study. A new look text design with over 60 pictures and tables draws all these elements together in an attractive, accessible design that makes navigating the book and the subject simple and logical. *Introducing Cultural Studies* will be core reading for Cultural Studies undergraduates and postgraduates, as well as an illuminating guide for those on Communication and Media Studies, English, Sociology and Social Studies courses looking for a clear overview of the field. ICCWS 2023 18th International Conference on Cyber Warfare and Security Richard L. Wilson, Brendan Curran, 2023-03-09 **Sustainability and Smart Manufacturing** Bożena Gajdzik, Radosław Wolniak, Wiesław Grebski, Jan Szymaszal, Michał Ewa Grebski, 2024-08-05 This book discusses three key aspects of business operations: sustainability, human factors and smart manufacturing, which make up modern business. The authors share their experiences in the transformation of enterprises to Industry 4.0/5.0 and the sustainability of steel production, as well as the reorganization of human factors using the example of the steel sector. The steel industry is covered both from a global perspective (key producers in the global steel market) as well as from a local and sectoral perspective (the companies that make up the sector of metal and metal product producers using Poland as an example). This insightful book discusses how the steel industry can develop intelligent solutions to enhance sustainable performance and the challenges they must overcome, including policy and regulation. Case studies evaluate how steel companies are investing in new technologies that meet environmental requirements but also human resource development to enhance digital skills and competencies of the workforce. The book will find an audience across disciplines but be of particular value to scholars of industrial operations and technology management. **The Routledge International Handbook of Online Deviance** Roderick S. Graham, Stephan G. Humer, Claire Seungeun Lee, Veronika Nagy, 2024-09-16 Covering a wide range of different online platforms, including social media sites and chatrooms, this volume is a comprehensive exploration of the current state of sociological and criminological scholarship focused on online deviance. Understanding deviance broadly, the handbook acknowledges both an objective, normative approach and a subjective, reactivist approach to the topic, putting into sharp relief the distinctions between cybercrime and online deviance on the one hand and wider concerns of online communities related to online deviance on the other.

other Divided into five sections the first section is devoted primarily to scholarship about the theories and methods foundational to exploring online deviance The second section Gender Sex and Sexuality presents empirical research on expressions of gender sex and sexuality in online spaces considered deviant The third section Violence and Aggression highlights scholarship on types of violent communications such as hate speech and cyberstalking The fourth section Communities and Culture describes empirical research on online communities and networks that can be described as deviant by wider society Lastly the fifth section Regional Perspectives highlights research in which a terrestrial location is impactful to the online phenomena studied Providing a window into future scholarship over the next several years and acknowledging the ephemeral nature of research on digital technology The Routledge International Handbook on Online Deviance is essential reading for students and scholars of Criminology and Sociology focused on deviant online behaviour It will also appeal to those working in related areas within Internet Digital Studies Media Communication Studies Psychology and Cybersecurity

FAQs About Internet Studies Past Present And Future Directions Books

What is a Internet Studies Past Present And Future Directions PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Internet Studies Past Present And Future Directions PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Internet Studies Past Present And Future Directions PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Internet Studies Past Present And Future Directions PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Internet Studies Past Present And Future Directions PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
