

REFLECTION PAPER

Joining Bulano Accounting and Auditing Firm is one of the best experiences that I had in my college years. Through this firm, I didn't just spend time merely for compliance of the course but it has been an outlet for learning something new and a motivation to strive hard. All throughout the internship program, a lot of responsibilities was given to me from accounting to auditing. A greater knowledge of what accounting and auditing is all about was imparted to me.

The first day of my internship program was full of excitement. I was there with the hope of gaining knowledge that as I will step out of the firm when my OJT days will be over, I'll be a more confident woman when we speak of the accounting field. People around the firm are very approachable that I never had a hard time coping up with them. They were very hands on in guiding us interns. And the owner of the firm is a very down to earth person and I learned a lot from him. I learned that as a person, we should always keep our feet on the ground.

My expectations were not just met but were exceeded by my experiences. I already acquired skills in school but applying it to the field let me know more and more. I also learned to be more patient, objective and disciplined. Also, I learned to be considerate and to blend with workmates.

The whole journey of being an intern was a very wonderful experience. I have realized a lot of things like a full appreciation of how accounting world move. I am also grateful of this opportunity given by the university and the HTE. All of the things I learned are beyond my expectations so I am very thankful for all of it.
