Anna and Ben have an affair while Connor Barry (Kevin Connolly) is still trying to pursue her. Neil (Ben Affleck) has been dating Beth (Jennifer Aniston) for seven years when she finally dumps him because he doesn't want to marry her. Analysis of the scenario

The movie portrays the story of nine people seeking true love and in their search they demonstrate the different stages of building and maintaining a relationship. There are some communication skills that Gigi learns in her up and down movements trying to find true love and she applies them to communicate in her relationship better while in the search for a happy ending. Alex became a good friend to Gigi and Gigi always went to him for almost all her relationship advice indicating the amount of between them. Before Gigi met Alex she never followed anyone's advice, which shows the great trust she puts into Alex's advices and guidance. Alex and Gigi at first are friends, Alex obviously patronizing his new acquaintance, but the relationships between them develop rather fast, which can be considered from the information – persuasion dyad: it is evident that on the early stage of their relationships, the couple exchanged information about each other, while on the latter stages of their relations, both tried to persuade each other in their irresistibility and create more intimate relationships.

Their conversations are honest and they spend a lot of time together which makes Gigi jump to conclusion that Alex likes her because of the signs that she's seen, "like it was good to hear from me, you talked to me even when you were with a girl, and I felt something." Gigi explains to Alex some of the signs. Gigi obviously misread the signs as an invitation to proceed to a romantic intimate level since Alex denied any feelings
