**Intersection of Broken Paths** D. Parrish, 2014-12-17 Jared Nolan is an accomplished intelligent FBI agent who has one serial killer under his belt However haunted by the loss of men under his command during his Army career he is also a drunk with one foot out the proverbial door And with the line to see him out to the street growing longer Jared is given one last opportunity to salvage his job and his life A possible serial killer is preying on young girls in Jared s hometown of Little Rock Arkansas The agent is dispatched to Little Rock and paired with Samantha Eubanks a hard ass female detective who has a tragic past of her own Together the two investigators move quickly to gain ground on the evil that they are up against as well as look to put together the pieces of one another s broken spirits But just as Jared and Samantha think they are about to get their man the place they hoped would provide the answers only offers more questions Jared and Samantha s prime suspect turns up dead tortured at the hands of their killer but taken out by an unknown assassin Things take a turn into the fast lane when some old faces from Jared s Army life show on the scene Jared and Samantha discover that the person they are searching for is wrapped up in something darker than they could have ever imagined In the end Jared and Samantha will catch their killer And in doing so they will drag a century old conspiracy a conspiracy to overthrow the United States into the light for the first time The suspense will keep the pages turning and the action will explode from the words printed on them But when the smoke clears will Little Rock survive the Intersection of Broken Paths *Travels in the Greater Yellowstone*

Jack Turner, 2009-05-12 Award winning nature writer Jack Turner directs his attention to one of America s greatest natural treasures the Greater Yellowstone Ecosystem Comprised of two national parks three national wildlife refuges parts of six national forests and eleven wilderness areas Greater Yellowstone is a vast array of differing environments and geographies In a series of essays Turner explores this wonderland venturing on twelve separate trips in all seasons using various modes of travel hiking climbing skiing canoeing lakes floating rivers and driving his way across the landscape He treks down the Teton Range picks up the Oregon Trail in the Red Desert and floats the South Fork of the Snake River Along the way he encounters a variety of wildlife moose elk trout and wolves From the treacherous mountains in the dead of winter to lush river valleys in the height of fishing season his words and steps trace one of the most American of experiences exploring the West Turner who has lived in Grand Teton for three decades designates Greater Yellowstone as ground zero for the country s conflict between preservation and development At a time when the battle to preserve a wild and natural environment is relentless his accounts of the areas conflicts with alien species logging real estate oil and gas development are alarming A mixture of adventure nostalgia and Americana Turner s rare experiences and evocative writing transform the sights and sounds of Greater Yellowstone into an intimate narrative of travel through America s most beloved lands Praise for Teewinot Bursting with a sense of place a rewarding reading experience replete with ravishing observations of nature Publishers Weekly a measured luxuriance in the landscape a love song to the natural history of a place Turner s writing is muscular never

swaggering and almost lyrical summoning a Teton Range in its rightful sublime austerity Kirkus Reviews Teewinot is a rare book The wonderful accounts of mountaineering serve as armature not only for Turner s meditative reverence for the Grand Tetons and his often evocative prose but also for an uncommon density of knowledge of place Peter Matthiessen author of *Tigers in the Snow* This is simply stated a wonderful and utterly engaging book Jim Harrison author of *Dalva* and *The Road Home* Each place must find its muse The Tetons have found theirs and his name is Jack Turner Terry Tempest Williams author of *Coyote s Canyon*

**Novels** Edward Bulwer Lytton Lytton, 1856 **Pelham Novels** Edward Bulwer Lytton Baron Lytton, 1862 , *Harper's Novels* Harper & Brothers, 1842 **Paper Trails** Cameron Blevins, 2021-03-04 A groundbreaking history of how the US Post made the nineteenth century American West There were five times as many post offices in the United States in 1899 than there are McDonald s restaurants today During an era of supposedly limited federal government the United States operated the most expansive national postal system in the world In this cutting edge interpretation of the late nineteenth century United States Cameron Blevins argues that the US Post wove together two of the era s defining projects

western expansion and the growth of state power Between the 1860s and the early 1900s the western United States underwent a truly dramatic reorganization of people land capital and resources It had taken Anglo Americans the better part of two hundred years to occupy the eastern half of the continent yet they occupied the West within a single generation As millions of settlers moved into the region they relied on letters and newspapers magazines and pamphlets petitions and money orders to stay connected to the wider world Paper Trails maps the spread of the US Post using a dataset of more than 100 000 post offices revealing a new picture of the federal government in the West The western postal network bore little resemblance to the civil service bureaucracies typically associated with government institutions Instead the US Post grafted public mail service onto private businesses contracting with stagecoach companies to carry the mail and paying local merchants to distribute letters from their stores These arrangements allowed the US Post to rapidly spin out a vast and ephemeral web of postal infrastructure to thousands of distant places The postal network s sprawling geography and localized operations forces a reconsideration of the American state its history and the ways in which it exercised power

The Lost Book of the Grail Caitlín Matthews, John Matthews, 2019-07-16 Reveals the long forgotten prequel to the Grail mythos and how it has profound resonance with modern times Includes the complete text of the Grail prequel The Elucidation of the Grail a 13th century poem newly translated by Gareth Knight and Caitlín Matthews Examines the forgotten story of the Faery Wars and the role of Well Maidens in the Grail story Discusses the Seven Guardians of the Stories the Grail Kings and Anti Grail Kings the Rich Company the Courts of Joy and the otherworldly Land of Women Unveiling the long forgotten prequel to the Grail quest stories Caitlín and John Matthews examine The Elucidation of the Grail a forgotten 13th century French text and show how it offers the key to understanding the sevenfold path of the Grail and the deeper stories beneath the Christian Grail narrative Beginning with a new translation of The Elucidation by foremost esotericist Gareth Knight and Caitlín Matthews the authors provide a complete commentary on the poem revealing a startling alternative cause of the Wasteland and the Grail quest one which has a profound resonance with our own times They examine the forgotten story of the Faery Wars and explain the Faery Accord an agreement that once existed between humans and the Faery and upon which the spiritual and physical health of the land depends The offering of the Grail and its regenerative powers by the Maidens of the Wells Faery women was part of this Accord King Amangons and his men violated the Accord through their abuse of the Well Maidens and other evil actions causing the wasting of the land The Knights of King Arthur seek to avenge the Well Maidens and rebirth the Grail to restore access to the lost paradisiacal Courts of Joy held in ancestral memory On their quest they encounter the Rich Company whose greed keeps the Knights occupied in long wars of attrition yet their quest to restore the generous hospitality of the Wells the true Grail the Faery Grail continues In addition to the Faery Accord and Knights quest the authors examine the Seven Guardians of the Stories the Rich Fisher the Courts of Joy and paradise lost and the otherworldly Land of Women They show how this lost book of the Grail reveals themes familiar to the modern world

and offers hope of healing the rift between the worlds of Faery and human as well as restoration of our natural belonging to the land

**Nation in Chaos: Three Layers of Truth** Kundan Singh Rajput, 2025-08-31

**Nation in Chaos Three Layers of Truth** explores the unsettling truths our nation urgently needs to face. If you're feeling increasingly disconnected, losing your sense of love, empathy, and kindness, or if loneliness is quietly eroding your inner peace, this novel holds the answers you seek. Structured chapter by chapter, the narrative tackles the real and pressing challenges that India faces today. Amid pride in national progress and development, this book reminds us that a nation is truly defined by its people. Each chapter meticulously unfolds three distinct layers of truth: Societal Truth (Traditions and norms passed from one generation to the next), Scientific Truth (Rational insights and explanations provided by modern science), and Universal Truth (Eternal wisdom drawn from our consciousness and sacred texts such as the Bhagavad Gita). As the author, I invite you to deeply reflect on these layers and recognize how our daily lives often oscillate between half truths and outright lies. By illuminating these truths, the novel seeks to awaken your inner consciousness, empowering you to discern right from wrong and encouraging you to stand courageously for justice and righteousness embodied by our national ethos, *Satyameva Jayate*. As Nobel Laureate C. V. Raman famously stated, "Always ask the right questions and the universe will open the right doors." Similarly, the Bhagavad Gita teaches us, "Thoughts lead to actions, actions form habits, habits shape character, and character determines destiny." Thus, our destiny is deeply rooted in our thoughts, making it imperative that we remain vigilant, especially in solitude, about the thoughts we nurture and the signals we send to our minds. The mixed signals from society, social media, relatives, parents, educational institutions, teachers, and mentors create confusion, leaving many Indians struggling with indecisiveness. Before diving into subsequent chapters, this awareness is particularly crucial for today's students as it shapes their entire future. The book further illuminates the essence of various yogic paths: focusing on duty is Karma Yoga, logic and science of yoga and meditation is Vigyan Yoga, self-confidence is the Yoga of Progress, non-violence is Karuna Yoga, mindful attention is the Yoga of Wisdom, and breathing is the Meditation Yoga. Ultimately, the world is a reflection of the divine soul; this is the essence of Advaita philosophy. No one is inherently poor; it is societal constructs that create poverty of mind. The universe has already provided everything needed for living a purposeful and peaceful life. **Nation in Chaos** underscores the urgency to reconnect with fundamental truths to foster a compassionate, supportive, and harmonious society. It reminds readers of the interconnectedness of all living beings and cautions us that neglecting our shared responsibilities could soon push our beloved Earth to the brink. The basic lessons we learn, such as the life cycle taught in schools, must be genuinely understood and practiced. This book is a passionate call for self-awareness, ethical living, and collective responsibility, urging each reader to actively participate in shaping a kinder, more empathetic world for current and future generations.
