Friedheim,2019-02-22 The regime under which humankind has governed its uses of the ocean is in the process of change shifting away from the traditional freedom of the seas toward a mixed system in which most of the valuable near shore resources come under coastal jurisdiction The transition to a new regime has been difficult for many states most notably Japan whose rights to use the entire ocean were

well protected by the traditional regime Japan's response to the need to develop a modern ocean policy to adapt to the emerging ocean management regime is the subject of this multiauthor volume U S and Japanese scholars look at what Japan is doing how and with what results They first assess general trends in ocean management then examine the role of Japan in the international political economy of the oceans and finally look at Japan's ocean policy in various sectors shipbuilding fisheries mineral resources offshore petroleum and nuclear power generation Given Japan's importance in ocean affairs the authors point out that the lessons that can be learned from its experience are of prime international importance **Lloyd's Register OneOcean's Guide to Port Entry 1985-1986** Lloyd's Register Foundation,1985-01-01 First published in 1971 these Guides provide invaluable information on thousands of commercial ports and terminals across the globe They are compiled and published annually by LR OneOcean whose years of global maritime experience allows them to provide expert and innovative solutions that enhance efficiency sustainability and overall industry success The Guides cover a significant geographical breadth and the most recent volume includes information on over 12 500 ports harbours and terminals worldwide These are fully indexed and contain detailed port plans and mooring diagrams PC Mag ,1986-04-15 PCMag com is a leading authority on technology delivering Labs based independent reviews of the latest products and services Our expert industry analysis and practical solutions help you make better buying decisions and get more from technology **PC Mag** ,1986-05-27 PCMag com is a leading authority on technology delivering Labs based independent reviews of the latest products and services Our expert industry analysis and practical solutions help you make better buying decisions and get more from technology
