the flood of anti Semitic gossip threatens to bring the world to a frozen end Thrust in the middle of this mayhem Sams adventures take him from the splendors of Bostons waterfront to the snow capped Swiss Alps and the stunning Mediterranean beaches as he tries to prevent a nefarious group from pushing mankind past a threshold where an irreversible shift in power would occur Book Review A suave intelligent technology analyst combines forces with a beautiful government attorney to combat international terrorism Sam Baradi has it all Ivy League degrees tenure at Cornell University quite a feat at age 28 a moneyed international pedigree and to top it off killer good looks So he s excited to meet his match one night at a bar the stunning Samantha Holzman whose interests and talents eerily match his own They quickly discover that they both deal in high level national security issues and as they learn the hard way both their families are somehow involved Meanwhile halfway across the world in a hotbed of Middle Eastern terrorism a dangerous Islamic seet is plotting an ultimate coup they plan to undermine the American financial system which will weaken every major market so they can snatch up companies and assets at basement level prices Unfortunately the terrorist organization plans to do this via hacking influential financiers computers an area in which Sam is supremely skilled This sets a stage for high tech high stakes global battle that pits the budding couple against a series of devious enemies All the elements of a good thriller are present and accounted for The old world wealth and leading protagonists good looks combined with an eager sense of character development add to the action What Nader does well is paint pictures of evil both individual and societal The leader of the terrorist group is a slithering deviant eyed tyrant and he oozes malice Kirkus Discoveries
