Loder-Jackson, 2015-10-26 Examines the role of African American educators in the Birmingham civil rights movement Schoolhouse Activists examines the role that African American educators played in the Birmingham Alabama civil rights movement from the late nineteenth century to the present day Drawing on multiple perspectives from education history and sociology Tondra L Loder Jackson revisits longstanding debates about whether these educators were friends or foes of the civil rights movement She also uses Black feminist thought and the life course perspective to illuminate the unique and often clandestine brand of activism that these teachers cultivated The book will serve as a resource for current educators and their students grappling with contemporary struggles for educational justice **Teaching Comics and Graphic Narratives** Lan Dong, 2014-01-10 The essays in this collection discuss how comics and graphic narratives can be useful primary texts and learning tools in college and university classes across different disciplines There are six sections American Studies Ethnic Studies Women s and Gender Studies Cultural Studies Genre Studies and Composition Rhetoric and Communication With a combination of practical and theoretical investigations the book brings together discussions among teacher scholars to advance the scholarship on teaching comics and graphic narratives and provides scholars with useful references critical approaches and particular case studies **A Catalog of Books Belonging to the Lower Hall of the Central Department, in the Classes of History, Biography, and Travel** Boston Public Library, 1873 Evidence of Being Darius Bost, 2018-12-21 Evidence of Being opens on a grim scene Washington DC s gay black community in the 1980s ravaged by AIDS the crack epidemic and a series of unsolved murders seemingly abandoned by the government and mainstream culture Yet in this darkest of moments a new vision of community and hope managed to emerge Darius Bost s account of the media poetry and performance of this time and place reveals a stunning confluence of activism and the arts In Washington and New York during the 1980s and 90s gay black men banded together using creative expression as a tool to challenge the widespread views that marked them as unworthy of grief They created art that enriched and reimagined their lives in the face of pain and neglect while at the same time forging a path toward bold new modes of existence At once a corrective to the predominantly white male accounts of the AIDS crisis and an openhearted depiction of the possibilities of black gay life Evidence of Being above all insists on the primacy of community over loneliness and hope over despair "A" Catalogue of Books Justin Winsor, 1873 *The American Military Mission to China, 1941-1942* William G.
