Marshall McLuhan - Unbound Marshall McLuhan, 2005 **Marshall McLuhan - Unbound** Marshall

McLuhan, 2002-06-30 The essay is for exploring the book for explaining Such was McLuhan's philosophy about these two forms The essay is the freer form and one better suited to exploration than the longer meditation the book Traditionally when a writer published a new piece the publisher would send a couple of copies of the magazine plus ten or a dozen copies of just the article with the magazine's cover offprints to be given to friends students colleagues This startling new series puts the reader in the place of colleague and co-researcher Instead of giving the reader just another collection of articles and interviews McLuhan Unbound gives you offprints of the original essays You experience the feel of the ideas when they were fresh The offprint is more portable than the book and so lends itself to being carried around and read and discussed more easily than books Here the reader can experience the full range of McLuhan's interests the full scope and application of his techniques of discovery See how the two McLuhans the literary academic and the public media expert are really one As a flint when struck produces many sparks some of which result in fire so the essay form contains many sparks some of which resulted in books and others which ought to have had the writer had time Some of these articles were written before the subsequent book was envisioned they are preliminary forays into new territory Some were written after the book and encapsulate major themes some set out additional discoveries or matters left out of the book some present material discovered as a result of writing the book The McLuhan Unbound offprints series is not the last word in presenting McLuhan's ideas and discoveries but the first **Marshall McLuhan** Marshall McLuhan, 2005 **Beating the Bounds** Roy Benjamin, 2023-02-07

Examining the role of boundaries and limits in James Joyce's later works primarily Finnegans Wake but also Ulysses and other texts this book explains and reconciles Joyce's contrary tendencies to establish and transgress limits and shows the Wake's relevance to many different fields of thought McLuhan's Children: The Greenpeace Message and the Media

Stephen Dale, 1996-09-01 McLuhan's Children is an inside look at Greenpeace's rise to global prominence through its savvy use of mass media imagery From the flamboyant guerilla theatre approach to the emergence of environmentalism as a dominant international issue Willing Suspension of Disbelief Anthony J. Ferri, 2007-01-01 Samuel Taylor Coleridge's 1817 term a willing suspension of disbelief has survived and been used by film critics and others to describe what happens when a movie viewer watches a movie While film scholars and professionals have alluded to the term in a parenthetical or tertiary manner this manuscript makes a definitive account for the concept and provides a contemporary analysis of the film viewing process from a variety of critical and empirical perspectives Philosophical Theologies in South Africa: Genealogies, Traditions, and Speculations Khegan M. Delport, 2024-10-22 The relationship between philosophy and theology has been a live question since the origins of Christianity Attending to a genealogy of how theology and philosophy have been related is important for conceiving their ongoing engagement However the question of context of where they are so related and

practiced has only recently begun to be reflected upon The current volume aims to make a contribution to this recounting by focusing on some of the ways theology and philosophy have been and are being interfaced in the Global South and more specifically in South Africa

Digital Modernism Jessica Pressman, 2014-02 Digital Modernism examines how and why some of the most innovative works of online electronic literature adapt and allude to literary modernism Digital literature has been celebrated as a postmodern form that grows out of contemporary technologies subjectivities and aesthetics but this book provides an alternative genealogy Exemplary cases show electronic literature looking back to modernism for inspiration and source material in content form and ideology through which to critique contemporary culture In so doing this literature renews and reframes rather than rejects a literary tradition that it also reconfigures to center around media To support her argument Pressman pairs modernist works by Pound Joyce and Bob Brown with major digital works like William Poundstone's Project for the Tachistoscope Bottomless Pit 2005 Young hae Chang Heavy Industries's Dakota and Judd Morrissey's The Jew's Daughter With each pairing she demonstrates how the modernist movement of the 1920s and 1930s laid the groundwork for the innovations of electronic literature In sum the study situates contemporary digital literature in a literary genealogy in ways that rewrite literary history and reflect back on literature's past modernism in particular to illuminate the crucial role that media played in shaping the ambitions and practices of that period
