Lilford, 1991 *Mcqs for Medical Students and Doctors* Inyang Ukot, 2022-03-25 MCQs for Medical Students and Doctors is an unusual multiple choice question book on three accounts. It covers thirteen of the specialties in medicine that every medical student has to face and every first contact physician has to deal with in encounters with their patients irrespective of the doctor's field of specialization. Unlike many MCQ books this book goes further by providing comments that accompany 99% of the answers as explanations or additional information. This makes this book an MCQ book with short notes. It is different from most if not all MCQ books in medicine for the others are usually specialty specific. This MCQ book successfully covers fundamental topics in three selected pre-clinical subjects viz anatomy, pharmacology and therapeutics and parasitology as well as ten clinical specialties viz obstetrics and gynecology, dermatology, anesthesia, mental health, ophthalmology, otorhinolaryngology, general surgery, orthopedics, trauma, internal medicine and general pediatrics.
