**The Legendary Sources of Flaubert's *Saint Julien*** Benjamin F. Bart, Robert F. Cook, 1977-12-15 The sources for *La Légende de Saint Julien l'Hospitalier* one of Flaubert's finest literary works have long been the subject of numerous conflicting theories The implications of the controversy are broad and important not only for Flaubert's work but also for our understanding of how writers generally use traditional material Superficial resemblances have led critics to conclude that Flaubert relied heavily on a medieval tale of Saint Julian and that he borrowed details and specific phrases from his medieval predecessor This book by a world renowned specialist in Flaubert studies and a medieval philologist demonstrates that the *Légende* is not medieval in structure or in spirit and that its conception is distinctly modern where Flaubert borrowed at all he used contemporary sources to recast the Julian legend in Romantic style Bart and Cook establish definitely what legendary sources were and show how Flaubert came into contact with them Their extensive commentary compares the sources and the *Légende* in detail explains the circumstances under which Flaubert used his materials and analyses how they were woven into the texture of his own tale The book makes available source material scattered throughout obscure periodicals reproduces accurately and dates correctly important segments of Flaubert's drafts and scenarios and provides the first modern printed edition of the *Alen* on life of Saint Julian which Lecointre Dupont adapted in 1838 thereby giving Flaubert indirect access to the old tale An introductory chapter explores the broader question of the development of legends and how a particular legendary sequence embodying powerful themes was amplified and made explicit from the twelfth century to Flaubert's time

***The Selected Works of George Sand*** George Sand, The correspondence of George Sand and Gustave Flaubert if approached merely as a chapter in the biographies of these heroes of nineteenth century letters is sufficiently rewarding In a relationship extending over twelve years including the trying

period of the Franco Prussian War and the Commune these extraordinary personalities disclose the aspects of their diverse natures which are best worth the remembrance of posterity However her passionate and erratic youth may have captivated our grandfathers George Sand in the mellow autumn of her life is for us at her most attractive phase The storms and anguish and hazardous adventures that attended the defiant unfolding of her spirit are over In her final retreat at Nohant surrounded by her affectionate children and grandchildren diligently writing botanizing bathing in her little river visited by her friends and undistracted by the fiery lovers of the old time she shows an unguessed wealth of maternal virtue swift comprehending sympathy fortitude sunny resignation and a goodness of heart that has ripened into wisdom For Flaubert too though he was seventeen years her junior the flamboyance of youth was long since past in 1862 when the correspondence begins he was firmly settled a shy proud grumpy toiling hermit of forty in his family seat at Croisset beginning his seven years labor at L Education Sentimentale master of his art hardening in his convictions and conscious of increasing estrangement from the spirit of his age He with his craving for sympathy and she with her inexhaustible supply of it meet he pours out his bitterness she her consolation and so with equal candor of self revelation they beautifully draw out and strengthen each the other s characteristics and help one another grow old But there is more in these letters than a satisfaction for the biographical appetite which indeed finds ITS account rather in the earlier chapters of the correspondents history What impresses us here is the banquet spread for the reflective and critical faculties in this intercourse of natural antagonists As M Faguet observes in a striking paragraph of his study of Flaubert It is a curious thing which does honor to them both that Flaubert and George Sand should have become loving friends towards the end of their lives At the beginning Flaubert might have been looked upon by George Sand as a furious enemy Emma Madame Bovary is George Sand s heroine with all the poetry turned into ridicule Flaubert seems to say in every page of his work Do you want to know what is the real Valentine the real Indiana the real Lelia Here she is it is Emma Roualt And do you want to know what becomes of a woman whose education has consisted in George Sand s books Here she is Emma Roualt So that the terrible mocker of the bourgeois has written a book which is directly inspired by the spirit of the 1840 bourgeois Their recriminations against romanticism which rehabilitates and poetises the courtesan against George Sand the Muse of Adultery are to be found in acts and facts in Madame Bovary Now the largest interest of this correspondence depends precisely upon the continuance beneath an affectionate personal relationship of a fundamental antagonism of interests and beliefs resolutely maintained on both sides George Sand with her lifelong passion for propaganda and reformation labors earnestly to bring Flaubert to her point of view to remould him nearer to her heart s desire He with a playful deference to the sex and years of his friend addresses her in his letters as Dear Master Yet in the essentials of the conflict though she never gives over her effort he never budes a jot he has taken his ground and in his last unfinished work Bouvard and Pecuchet he dies stubbornly fortifying his position To the last she speaks from a temperament lyrical sanguine imaginative optimistic and sympathetic he from a temperament dramatic melancholy

observing cynical and satirical She insists upon natural goodness he upon innate depravity She urges her faith in social regeneration he vents his splenetic contempt for the mob Through all the successive shocks of disillusioning experience she expects the renovation of humanity by some religious some semi mystical amelioration of its heart he grimly concedes the greater part of humanity to the devil and can see no escape for the remnant save in science and aristocratic organization For her finally the literary art is an instrument of social salvation it is her means of touching the world with her ideals her love her aspiration for him the literary art is the avenue of escape from the meaningless chaos of existence it is his subtly critical condemnation of the world The origins of these unreconciled antipathies lie deep beneath the personal relationship of George Sand and Gustave Flaubert lie deep beneath their successors who with more or less of amenity in their manners are still debating the same questions today The main currents of the nineteenth century with fluent and refluxing tides clash beneath the controversy and as soon as one hears its long withdrawing roar and thinks it is dying away and is become a part of ancient history it begins again and will be heard no doubt by the last man as a solemn accompaniment to his final contention with his last adversary

Daniel Leveillard, La fin du monde Allez savoir pourquoi on en parle tant pour l'année 2012 en référence une prétendue prophétie maya L'idée d'une fin du monde est commune toutes les civilisations Partout le monde à travers et puisque il y a un commencement des temps il y aura forcément une fin des temps Ceci tant d'ailleurs vérifié par la Science Dans la Bible il est parlé galement de fin mais si l'Apocalypse n'exclut pas l'idée d'une catastrophe destructrice de l'Humanité elle parle aussi d'une Révélation c'est la signification du mot grec apocalypsos Qui disant Révélation signifiant sans ambiguë qu'il y a quelque chose d'autre après Un Monde Nouveau un temps nouveau La fin d'un temps s'inscrit dans la Bonne Espérance d'un changement radical et durable une révolution dans notre façon de penser et notre façon d'être Sommes nous la fin d'un temps retrace l'évolution d'un système qui eut ses heures de gloire et qui devenu par trop obsolète a abouti un bouleversement On ne peut ignorer la différence d'esprit entre l'Ancien Régime royaliste et le Nouveau Régime républicain mais on oublie facilement la différence volontairement occultée entre l'Église avant la Révolution et l'Église après la Révolution Alors que la royauté était intimement liée à l'Église cette Alliance entre le Trône et l'Autel qui remonte la nuit des temps la République par une extension de la laïcité s'est détachée des choses du Ciel relevant la divinité au rang de dieu otiosus L'étude honnêtement montre pourtant que jamais le Merveilleux n'a été autant manifesté que depuis la Révolution et que tout annonce pour bientôt un événement de nature providentielle qui va bouleverser le cours de l'Histoire Cet ouvrage fruit de très nombreuses années de recherches constitue une somme quant aux manifestations mariales et christiques où l'auteur renouant avec les textes authentiques montre quel point il y a loin de l'Histoire Simple à l'Histoire Sainte
